May Use T-H Law to Halt Steel Strike

Two Sides Warned of Deadline

U. S. Action Seen In Week's Time

Pittsburgh, July 19 (AP)—Reports that President Eisenhower has warned disputants in the nationwide steel strike to settle their differences within a week or face government intervention put new pressure on contract negotiators today.

DESPITE THE reports, there were outward signs of progress in yesterday's talks. Neither side had any comment after a two hour meeting other than to say the negotiations would continue today (time uncertain).

David J. McDonald, president of the United Steelworkers, said he read of the reports about invoking the Taft-Hartley Law in the press, but added:

"President Eisenhower in 1952 told the ALF convention that injunctions do not settle the underlying causes of strikes. I have every confidence in the President and no reason whatsoever to believe that he has changed his mind."

FEDERAL MEDIATOR Joseph F. Finnegan was on hand again, after participating yesterday in a White House discussion where the President was reported to have gone over the situation with his top economic advisers.

The strike is now in its 19th day and inventories of steel gathered in anticipation of the dispute are dwindling rapidly.

After the White House meeting several newspapers reported the administration warned the steel companies and the United Steelworkers union to iron out their contract differences within a week. There were implications the reports said, the administration might invoke the Taft-Hartley law if no settlement was forthcoming within this time.

UNDER TAFT - HARTLEY, the 650,000 strikers could be ordered back on the job for an 80-day cooling off period while a government board inquired into the dispute.

Finnegan said he did not know of "anyone" setting an arbitrary deadline for settlement, adding:

"The whole tenor of the talks (at the White House), was toward solving the difficulty under normal collective bargaining procedure." Finnegan said Eisenhower sent an identical message to both the union and industry. He said the message expressed concern about economic effects of the strike "but more important, for the 650,000 workers who are on strike."

Determination Key For Idled Workers

Gary, Ind., July 19 (AP)—What happens when big steel's gates are locked, its blast furnaces banked and more than half a city's working population is left without work—and without pay?

That's the situation in Gary, home of the world's largest steel mill, a city born on the Indiana dunes and grown to maturity on the fringe and the wealth of U. S. Steel's sprawling acreage there.

LOOKING UP Broadway, the city's main artery, a month ago, one would have seen the familiar pall of smoke in the northern sky by day and a bright orange glow at night.

Today the sky is clear and people walk slower, because 31,000 of them are in the 19th day of a nationwide steel strike in a city where nearly three out of every five workingmen normally labor at "the mill."

Yesterday was payday for the 20,500 workers at the Gary works. A steady stream of men and women of all ages went to Municipal Auditorium to pick up their last check for work done before the strike. Some came alone, some with their families. Worry and determination fought for dominance on their faces.

A WOMEN OFFICE worker who'd just been paid said, "we're getting used to the strike. It's not the first one, you know. Like a lot of people, I've saved up money, but it would still be better to be working."

Nick Cimesa, 46, who operates a crane at the mill, considers himself more fortunate than many. His wife runs a small neighborhood store. "That should keep us going until September," he said. "We can wait that long for a good settlement."

Another man, who wouldn't be named, said in a foreign accent, "it's not good. I'm only getting three days pay. When that's gone, then what?" Everyone except those collecting vacation pay was paid for three to five

No Poznan In Hungary, Says Geroe

Vienna, Austria, July 19 (AP)—Ernoe Geroe took over as Hungary's Communist party boss last night with a pledge that his country would not be the scene of a second Poznan and a bid for closer ties with Yugoslav President Tito.

Geroe, who holds the government post of first deputy premier, made clear his position soon after Matyas Rakosi, veteran party chief and longtime foe of Tito, resigned under fire. The beefy, bald old Red boss also quit the party's ruling Politburo he so long had dominated.

In his first speech to the party central committee, Geroe denounced Rakosi's "Stalinist" mistakes and promised quick reforms. He also called for a bigger police force, strong collective leadership and rigid party discipline.

The new party boss apologized to Tito "for past slanders" and promised to seek closer political and economic cooperation with Yugoslavia.

Rakosi's fall was received with satisfaction in Belgrade. He was one of the mainsprings of the move to oust Tito from the Comiform in 1948. He

Accord Milk Meeting Is Scheduled Tonight

Dairy farmers and other interested persons are invited to attend an open milk meeting at 8 p. m. today at the Accord Grange Hall, Accord.

The program will be devoted primarily to the milkshed's milk pricing trends and the familiarization of dairy farmers with the Federal and State Milk Orders.

The meeting is sponsored by the Mutual Federation of Independent Cooperatives and the Shawangunk Cooperative Dairies, Inc.

Dairy farmers are invited to attend whether they are members of the cooperatives or not. They are urged to discuss their current problems with participating speakers.

Among guest speakers will be Edmund F. Cooke, Mutual's general manager and legal counsel, and Dr. Dorris D. Brown, Mutual's economist.

Approach Land Not Among State Areas

Construction of the proposed western approach to the Kingston-Rhinecliff bridge—now in abeyance pending determination of ownership of a parcel of land which lies in its path—may now proceed in the opinion of a lay member of the joint legislative committee on natural resources.

The committee, headed by Sen. Wheeler Milmoe (R.-Canastota), spent Wednesday night in Kingston and left this morning to survey a number of parcels of state-owned land designated under the title "wild and forest land."

Arthur Flick of Lexington, Greene county, a prominent conservationist, told The Freeman that investigation by the State Conservation Department indicated that the parcel lying between Routes 9W and 32 on the bridge approach was not a part of such "wild and forest land" but was privately owned.

If this parcel were a part of the "wild and forest land" construction of the approach road could not proceed without an act of the Legislature.

"Wild and forest land" is land forfeited to the various counties for non-payment of taxes. There are hundreds of such parcels on which the state pays taxes. Under the old law they must be maintained. Not even a Thruway can traverse such a parcel.

Legislation was introduced last year by Sen. Milmoe which would permit the state to sell up to 10 acres of each parcel of such "wild and forest land." The bill provides that the remainder of the parcel could be used for any purpose, such as highway construction, recreation facilities, etc.

The Milmoe Bill must be passed by two successive legislatures, however. The bill passed almost unanimouly in 1955 and no opposition is anticipated this year.

Fifteen of the 18 lay members of the committee on natural resources, seven legislative leaders and several administrative officials are participating in today's field trip. They stayed last night at the Governor Clinton Hotel.

The committee will visit approximately 30 parcels of "wild and forest land"—land which is administered by the State Conservation Department—in Ulster county today, Sen. Milmoe told The Freeman.

Some of the parcels are less than an acre in size, the Senator said.

He explained that there are 537 such state-owned parcels in the Catskill and Adirondack preserves. Of these, 115 are less than an acre. These parcels were acquired by county tax sale foreclosures prior to 1927.

Sen. Arthur H. Wicks, who was unable to participate in the field trip today, said the committee, which was formed when he was majority leader of the Senate, was studying the possibility of selling state-owned parcels only remotely connected with park preserves.

These parcels are a "tremendous item," tax-wise, to the state, he explained.

He described some of the parcels as 50, 100 or 200 acres in size.

23 Units to March In Vols' Parade

Twenty-three companies, 27 pieces of apparatus, nine Ladies' Auxiliaries and 11 bands will be in line at New Paltz Saturday, July 28, at 5 p. m. for the firemen's parade being held in connection with the 21st annual convention of the Ulster County Volunteer Firemen's Association.

General Chairman Joseph Hasbrouck of Modena, in making that announcement said that there was a possibility that other companies may also be in line.

THE PARADE will start promptly at 5 p. m. and any company not in line at that time will fall in at the rear of the line of march.

It is expected there will be between 1,300 and 1,500 in line. After the parade, which will form on North Manheim Boulevard, New Paltz, the paraders will wind up at athletic field and refreshments will then be served.

Final plans for the convention which will be held at Ireland Corners Hotel Thursday evening, July 26, at 8 o'clock, were completed at a meeting of the board of directors Tuesday evening. At that meeting over which Edward F. Maines, chief of the Port Ewen Fire Department, presided, the fire training program in schools was discussed and also the two-way radio. Under the school training program in schools a 15-minute period each week will be devoted to instruction of pupils.

THE ANNUAL business meeting at Ireland Corners Hotel on Thursday, July 26, will be presided over by President Eldred Smith of Modena. Alfrederick Kilmer, first vice-president, member of Ulster Hose No. 5, Town of Ulster, is in line for the presidency for the coming year.

This year the business meeting will be held Thursday at Ireland Corners Hotel and after conclusion of business the annual session will adjourn and the parade will be held in New Paltz on Saturday afternoon. July 26. A reviewing stand will be constructed near the New Paltz Firehouse where the marchers

Amount Is Larger in Check Case

Springfield, Ill., July 19 (AP)—The amount of state cash involved in the state check cashing scandal was placed at approximately $800,000 today in the first official estimate.

It was made by Atty Gen. Latham Castle, who said he has taken the first steps to recover for the state "an estimated $800-000 paid out in fraudulent or forged warrants" issued by the state auditor's office.

Orville E. Hodge resigned as state auditor Monday after a storm of scandal broke over his office. Previous estimates placed the amount involved at about $540,000.

The investigation is focused on a series of state checks—they're called warrants in official state terminology—that were issued by the auditor's office. They were cashed under what investigators labeled "questionable circumstances."

These circumstances, the investigators said, included cashing of checks by persons who were not named as payees on the checks and cashing some checks endorsed on a typewriter instead of the customary handwritten signature.

Atty. Gen. Castle's figure was in a news release issued by his office.

Traffic Is To Halt on All Roads

Pedestrians Are To Take Shelter

A 15-minute Operation Alert 1956, a national test exercise with the public participating, will be held at 4:10 p. m. Friday.

Maj. H. Edgar Timmerman, director of the Ulster Kingston Civil Defense Council, said the drill would be conducted regardless of weather conditions.

THE "TAKE COVER" signal—a fluctuating or warbling signal of three minutes duration of varying pitch, sounded on all sirens, or a succession of intermittent blasts by horn or whistle—will come at 4:10 p. m.

At 4:22 p. m. the alert signal—a steady blast of three minutes duration by sirens, horns or whistles— will be sounded. Traffic remains stationary and everyone remains in shelters or protected areas.

At 4:25 p. m. all vehicular and pedestrian traffic will resume normal movement.

Maj. Timmerman said there would be "no dismissing signal."

ON THE SOUNDING of the "take cover" signal all vehicular traffic, including Civil Defense and military vehicles on all streets, highways and public roads will be ordered to halt as close to the curb as possible and remain standing until the all clear notification is received 15 minutes later.

Director Timmerman said care must be exercised to see that all thoroughfares remain clear and that intersections are not blocked in case of an actual emergency. Drivers of pleasure cars will be requested to leave their vehicles, taking their keys with them, and to take shelter wherever shelter is available. Otherwise they will be directed to remain in their vehicles and open all windows. Drivers and passengers in buses and commercial vehicles will be permitted to remain therein but drivers will be directed to open all windows.

ALL REGULAR radio and television programs will go off the air during the test to permit the Federal Civil Defense Administration to test the emergency broadcasting of essential information during a simulated nuclear attack.

By order of the Federal Communications Commission, stations properly equipped, will shift to the CONELRAD wave lengths, 640 and 1240 kilocycles, to broadcast Civil Defense information concerning this simulated attack. Other stations will remain silent during the 15-minute period.

ALL PEDESTRIANS shall be directed to take shelter in stores, public buildings and in places other than private residences or in establishments where such congregating would seriously interfere with the business thereof.

Where no shelter is available, they will be required to stand close to any object, such as a tree, stone wall, etc., but will not be required to lie down on the ground as would be necessary in an actual enemy attack.

Maj. Timmerman said public cooperation must be encouraged since there would be insufficient personnel to patrol all the streets and routes throughout the county.

ALL AVAILABLE police, regular and auxiliary, and radio communications personnel, will report to predesignated locations not later than 4 p. m.

Local directors in towns should mobilize appropriate per-

Appeal of 2 Teamsters Will Be Heard Tuesday

An appeal by purported officials of Local 445, Teamsters Union, from a recent injunction restraining them from alleged discrimination against union membership will be heard next Tuesday by the New York State Appellate Division at a special summer session in Albany, it was reported today by Attorney Francis Martocci of Kingston.

The conviction of these officials—Philip Masiello, 44 of Middletown and Francis Lester Stickel, 55 of Yonkers — on charges of conspiracy to extort $64,000 from milk haulers by threatening labor trouble was upheld today by the U. S. Court of Appeals, according to an Associated Press dispatch.

Mr. Martocci who with Attorney Robert Ortale represents Theodore G. Daley of Poughkeepsie, a member of Local 445, head of a faction opposing Masiello-Stickel, said the appeal was from an injunction issued May 4 by Supreme Court Justice Herbert D. Hamm.

Judge Hamm's sweeping order restrained Masiello, business agent, and Stickel, secretary-treasurer, and other defendants from depriving any member of local 445 (Westchester, Dutchess, Putnam, Ulster, Sullivan, Rockland counties and part of Greene county) of his rights, benefits and privileges or from suspending or expelling or otherwise interfering with his good standing.

It further restrained the defendants from interfering or discriminating against any member in his right to work as a member of local 445 and granted other injunctive relief.

Action was instituted last year by Attorneys Martocci and Ortale, who told the Freeman they intended to bring the issues to trial and "to clean up the mess that existed in this local union."

Masiello and Stickel were con-

Murder Suspect Is Held Here

Henry Emizh, 41, of 918 Second avenue, Dayton, Ohio, was arrested at Monticello Wednesday at the request of the FBI by Chief of Police Jack Sharoff and charged with unlawful flight to avoid prosecution.

It is alleged he murdered his wife, Violet, in Dayton about a month ago.

Arraigned before U. S. Commissioner Martin F. Comeau here Wednesday afternoon bail was set at $25,000 and Emizh was committed to the Ulster county jail to await transfer to the U. S. detention house in New York where he will be held pending return to Ohio.

According to the statement made at the time Emizh was booked at the jail, he has three prior felony and several misdemeanor convictions.

McKeon Side Objects To 'Gruesome' Photos

Parris Island, S. C., July 19 (AP)—Pictures of six corpses—the bodies of six marine recruits drowned on a forced march into a swamp—were introduced into the court-martial of S. Sgt. Matthew C. McKeon today.

McKeon's attorney, Emile Zola Berman of New York, objected strenuously on the grounds that he already had conceded the deaths and the only purpose of the "macabre" pictures was to inflame the court-martial board.

The 31-year-old staff sergeant from Worcester, Mass., is on trial for leading the six recruits to their death last April 8 in a soggy mud flat over which water pours from Ribbon creek at high tide.

McKeon is charged with involuntary manslaughter, oppression of recruits, drinking on duty and drinking in the presence of a recruit. All stem from the night march of Platoon 71.

As each photograph was offered in evidence, Berman objected on the grounds that they were "inflamatory and gruesome."

The law officer, Navy Capt. Irving N. Klein of New York City said the photographs could be used only for the purpose of identification.

His ruling came after Berman said that if McKeon took the stand and the pictures were shown to him, he would submit a motion for mistrial.

"They will not be used," Klein said, "for the purposes of shaking the accused."

M. Sgt. Glen E. Clements Jr., a prosecution witness, describing terrain and tides along the Ribbon creek area, said that during search operations the creek was "about neck deep" on an average-height man "at low water at the deepest point."

He said the difference between depths at high and low tides is "about six feet."

Yesterday the court visited the swamp-edged creek into which McKeon marched his recruit platoon.

Minister's Daughter Is U. S. Selection for Miss Universe

Long Beach, Calif., July 19 (AP)—The dark-haired daughter of an Iowa minister reigned today as the queen of America's entries in the Miss Universe contest.

Stately Carol Morris, 20, of Ottumwa, who "wished upon a star" as she entered Long Beach municipal auditorium last night, had that wish come true when she was named Miss United States.

The Drake University junior won out in the final judging of 16 girls who had been chosen from the original field of 43 Americans in the contest.

Twenty-nine foreign beauties will make their first appearance before the judges tonight and 15 will be selected to vie with Miss Morris for the title of Miss Universe in the final stage of the contest tomorrow.

The new Miss USA is 5 feet 7 inches tall, weighs 129 pounds and has a symmetrical 36-25-36 figure. Blue eyes contrast with the dark brown of her hair.

One of the most poised girls in the contest, she broke down momentarily when she was called from back stage and announced as the winner.

"Oh thank you, thank you very much," she said with sobs choking her voice. "Ever since I got off the plane I've had such a wonderful time. I just can't say - -" and she stopped as the sobs became too strong for her to control.

Miss Morris is the only child of the Rev. Laverne Morris, pastor of the Davis Street Christian Church in Ottumwa, and Mrs. Gertrude Morris.

Her selection as Miss USA was wildly acclaimed by the Long Beach residents packed in the auditorium. She had already been named the most popular girl in the pageant by those who viewed the parade of all 72 contestants Sunday.

The other top place winners in the Miss USA contest were Betty Cherry, 20, South Carolina, second; Nancy McCollum, 19, Arkansas, third; Shari Lewis, 19, Nebraska, fourth, and Jo Dodson, 18, Texas. fifth.

Car Registration Up 26 Per Cent Here Since 1950

Motor vehicle registrations in Ulster county increased 26.4 per cent in the past five years. They rose from 36,509 in 1950 to 46,-150 in 1955, an increase of 9,641.

These figures were released today by the Kingston Area Chamber of Commerce as taken from the official annual reports of the Bureau of Motor Vehicles and indicate the growth and expansion taking place in the area.

In releasing this statement today the Chamber of Commerce pointed out that the largest annual increase of 3,846 vehicles took place from 1954 to the full year of 1955, and added, "It is likely that the rate of increase would be the same or greater during 1956 and 1957 and that we are likely to reach the 60,-000 figure by 1960 which had previously been predicted for 1970."

In 1952 Ulster county had a ratio of 2.4 persons for each motor vehicle registered, according to figures published in the Kingston Arterial Route Survey made by the State Department of Public Works. This report also pointed out that back in 1922 there were 6.5 persons per motor vehicle registered and that the ratio is still declining.

The 1950 population of Ulster county was 92,621. Assuming that the ratio of population to motor vehicle registrations might be as low as 2 in 1955, the present Ulster county population would be over 110,000 persons. This would be higher than all previous estimates.

MEAT FOR THE BARBECUE—Miss Carolyn Myer of Hurley holds chicken going to the annual barbecue sponsored by Kingston Rotary Club. She is assisted by Miss Enid Goetchius, another Hurley girl, this year's New York state poultry queen. Both are members of the 4-H Club, which raises birds for the yearly barbecues. In the rear are (l-r) President Robert L. Sabin of Rotary, Edmund Bower, 4-H agent and Albert Kurdt, manager of the Kingston Area Chamber of Commerce, who is on the barbecue committee. Rotarians Busy Planning Barbecue for August 11th

A report on the fourth annual chicken barbecue sponsored by the Kingston Rotary Club, in cooperation with the Ulster County 4-H Club indicates that the event will be one of the most successful to date.

This was announced at the weekly luncheon of Rotary by its president, Robert L. Sabin, of the Sabin Advertising Agency, Hurley, who said he expects a strong demand for the 500 available tickets.

The barbecue will be held on the Beatty Farm, Hurley avenue, Saturday, Aug. 11, from 4:30 to 7:30 p. m.

Edward K. Lefren, works manager of Hercules Powder Co., Port Ewen, chairman of the ticket committee, distributed supplies to Rotary members at the weekly luncheon in the Governor Clinton Hotel.

Two stores have them for sale also, Safford & Scudder, Inc., 310 Wall street, and O'Reilly's at 611 Broadway.

Children's tickets are half price.

Chickens for the barbecue are bought from the 4-H Club, whose members raise them for the event.

Rotarians plan, prepare and serve the barbecue.

William H. Palmer, Ulster County Agricultural Agent, as general chairman of the barbecue, reports all of his Rotary committees very enthusiastic in their efforts.

MALAYA'S MARILYN—Singapore singer Salmah (Saloma) Ismail is called the "Marilyn Monroe" of Malaya films. Listening to her is her fiance, Scottish-born Kenneth Buchanin-Davies, who plans to adopt the Islamic religion.

Mites Are Called Chief Problem in State Orchards

Leaf-feeding mites, tiny, spiderlike creatures, are the most widely spread and troublesome of all the pests afflicting New York state apple orchards, according to Cornell entomologist S. E. Lienk at the Experiment Station here at Geneva.

Codling moth, apple maggot, or red-banded leaf roller may be the chief problem in a certain orchard area, but mites are troublesome everywhere in the state, he declares.

"All mites look very much alike, but actually there are many different kinds," explains Dr. Lienk. They differ in their habits, seasonal occurence, and the ease with which they can be controlled. At least five species are known to infest New York orchards, possibly seven. And some species have as many as seven to eight generations a year and may run 150 to 200 individuals per leaf."

Mites confine their feeding solely to the leaves so that their injury is indirect, says Dr. Lienk. Injured leaves do not function properly and as a result yields are reduced on mite-infested trees. Also, by interfering with fruit bud formation, mites may reduce the size of the crop the following year.

"For control purposes, mites fall into two general groups," continues Doctor Lienk, "those that overwinter as eggs, and those that pass the winter in the adult stage. Each group must be controlled separately."

"Delayed dormant applications of a superior spray oil will destroy the species wintering as eggs—European red mite chiefly. But oil will have little effect on the two-spotted spider mite, one of the kinds that pass the winter as adults. Summer sprays are required in this case."

Information on mites and their control may be obtained from local spray service specialists and county agricultural agents or from the Experiment Station.

Democrats to Honor Sen. George Tonight

Washington, July 19 (AP)—Democrats paid more than $100,000 today to honor Walter F. George and replenish the party's senatorial campaign chest.

All avowed Democratic presidential aspirants planned to be on hand for the dinner tonight, but the star of the show was the 78-year-old, gray-haired retiring senator from Georgia.

Tickets cost $100 apiece, including those bought by Adlai Stevenson, Estes Kefauver, Averell Harriman and Gov. A. B. (Happy) Chandler of Kentucky, the latest entrant into the race for party standard bearer.

Whatever is left over after paying for the dinner and for a present for Sen. George and his wife will go to the Senate Democratic senatorial campaign committee to help try to elect Democratic candidates for the Senate this year.

Hopes for Deadlock

Huntington, W. Va., July 19 (AP) — Gov. A. B. Chandler of Kentucky says he has the best chance for the Democratic presidential nomination if a deadlock develops in the national convention. "I don't have much chance for the nomination unless a deadlock develops," he said in a campaign here last night, "but if the haystack does catch on fire, I expect to be there with a pitchfork." Chandler, former senator and one -time commissioner of baseball made a flamboyant bid for West Virginia's 24 convention votes in a five-hour visit to this city, right across the Big Sandy river from his home state.

Fare Changes Approved

Albany, N. Y., July 19 (AP)—The Public Service Commission today authorized the Mohawk Valley Transit bus line to reduce inter-urban commuter fares by about five per cent and to raise local school fares by 33 1/3 per cent. The new rates can be put into effect upon three days notice to the public. The company operates local bus routes in Amsterdam, Johnstown and Gloversville and a route between those cities and Schenectady.

GI Home Program Slows Sharply In Month of June

Washington, July 19 (AP)—GI Home loan application and appraisal activity dropped sharply during June, the Veterans Administration said today.

Appraisal requests for proposed and existing homes totaled 65,141, the agency said. That was 14,017 under May and 25,384 under June 1955.

Last month the VA received 41,377 home loan applications—a drop of 3,873 from May and 17,361 under those in June a year earlier.

A VA spokesman said the June statistics covered the May 26-June 25 period and that the Memorial Day holiday resulted in two fewer working days than in the previous reporting period.

He said the primary reasons for the decrease in activity were the fewer working days and a further tightening of mortgage money. Other factors, he said, were a seasonal decrease and uncertainty whether Congress will extend the GI home loan program beyond July 1957.

Frog Fine

Nashville, Tenn. (AP) — Fred Todd pleaded guilty to illegal possession of a bullfrog and a conservation agent told General Sessions Judge Brown Taylor there is a $25 minimum fine for possessing a bullfrog in mating season. Taylor dismissed the case and observed: "I am not going to fine any man $25 for just having a bullfrog!"

FOREIGN ROAD SIGN—A puzzled motorist pulls up to the side of the Calumet Expressway, near Chicago, to check on a mystifying sight. The peculiarly lettered sign was put on the new highway by the Illinois State Highway Commission, as part of a series of visual testing on roads throughout a large area.

NEW HURLEY

New Hurley, July 18 — On Thursday the New Hurley Missionary Society held a covered dish luncheon and meeting at the church hall with 24 members and friends present. In the afternoon a business meeting was held in charge of the president, Mrs. Wilbur J. VanWyck. The program was in charge of Mrs. Albert Cronk. Several hymns were sung, a solo was rendered by Mrs. Wallace Palen accompanied on the piano by Mrs. Burton VanAken. Readings were given and a social time was enjoyed. The flower fund offering was received, and several articles for the layette were received and on display. There will be no meetings of the society during August and September. The October meeting will be at the home of Mrs. Albert Cronk.

On Saturday afternoon the New Hurley Guild met at the home of Mary Wilkin with Bertha Sutton assisting. The president, Ruth Dylewski, presided. Devotions were led by Marjorie Van Aken. Final plans were made for the annual Church Fair to be held at the church hall Saturday, July 21. The booths will be open at 3:30 and a cafeteria supper will be served starting at 5:30 p. m. The date for the turkey supper was set for Nov. 7. Nineteen members were present at the meeting. Mrs. Noordsy was welcomed as a new member. There will be no August meeting. The September meeting will be at the home of Gertrude Baumann with Ella Greg assisting.

The Rev. and Mrs. Noordsy will be away next Sunday. Services will be conducted by the Rev. Walter Van Popering of Wallkill. Church service at 11 a. m. and Sunday school at 10 a. m. All are welcome.

Mr. and Mrs. Raymond Jenkins and daughter of Salisbury, N. C., who are spending the summer in New Paltz, were recent Sunday guests at the home of Mrs. Jenkins' sister and family, Mr. and Mrs. Roy Denniston.

Thomas Watkins of Walden was a dinner guest at the home of Mr. and Mrs. Edward Powell Wednesday.

Lindia Gunderman of Coxsackie is visiting at the home of her cousins, Mr. and Mrs. Gerow Schoonmaker and daughter.

Mr. and Mrs. Robert Hoeksema, who are spending the summer at Warwick, were visitors in this place Saturday. Mrs. Hoeksema is the daughter of the Rev. and Mrs. Tysse.

Anna Theus of New York is spending her vacation with her mother and sister, Mrs. Joseph Hess Sr. and Mrs. Ella Gregg.

Diane Lent of New Paltz is spending a week with her grandparents, Mr. and Mrs. Roy Denniston. Her parents Mr. and Mrs. David Lent are spending a week at Cape Cod.

Mr. and Mrs. Zack Masten of Tenafly, N. J., Mr. and Mrs. Eber Masten of Norwack, Conn., and Mrs. Grace Masten Ducharme of Newburgh attended the services in the New Hurley Church Sunday.. The Masten family were former residents of this place and they saw many of their old friends and neighbors at church.

Linda and Ronald Dylewski of Red Hook have been spending a few days with their grandparents, Mr. and Mrs. Lewis Dylewski.

THE TRUTH ABOUT
MARGARINE

The one major difference in margarine is *packaging.*

Let's look at the facts. There is no difference in grades of margarine. There may be some slight variations in color, taste or consistency of content. But all packers must conform to the same set of strict government standards.

You might ask then, if there's no difference in quality, ***why is there a difference in price.*** And the answer is ***packaging.*** Some packers add fancy foil wrappers. Others may use special containers. Some packers need a special packing to keep their margarines fresh. Others may use it for the sake of appearance.

Whatever the reason may be, special packaging adds just ***one*** thing to margarine . . . COST. Yes, the quality is still the same, ***but you pay more.***

So, if you want to save as much as 25% on margarine try HAPPY BOY, the finest, tastiest spread at a realistic price.

HAPPY BOY MARGARINE is delivered so frequently by ***over*** 365 distributors ***that it must be fresh.*** And because it is fresh, the price isn't padded with a lot of expensive packaging extras. That's why HAPPY BOY MARGARINE sells for as much as 25% less than the other leading brands.

These are the facts and HAPPY BOY backs them up with a ***full unconditional money-back guarantee.*** If, for any reason, you are not satisfied, your dealer is authorized to return your full purchase price.

We, at HOTEL BAR FOODS, the makers of HAPPY BOY, have been in the so-called "expensive" spread business for 70 years. Tasty, wholesome foods have been and will continue to be our only business. On that basis, we believe that we are best qualified to make and offer the very best margarine at the most economical price, HAPPY BOY MARGARINE.

Try HAPPY BOY today. Look for the red package at your favorite grocer or supermarket.

KINGSTON, NEW YORK, JULY 19, 1956

SUNDAY MORNING ARRESTS

Arrests in the early hours of Sunday morning have been on the increase and are causing a serious problem for the local police force, which is undermanned.

In Kingston and other Ulster County communities, numerous arrests are made after midnight on Saturdays for drunken driving, disorderly conduct, brawls and public intoxication. This together with automobile crashes and motor vehicle regulations is a menace to the general public and the people will not put up with it indefinitely.

An earlier closing time for dispensers of alcoholic beverages as it being done in nearby counties might help. The present closing hour here is 3 a. m.

SYMBOL OF HOPE

Just 12 summers ago, Allied forces invading western Europe were dammed up behind the hedgerows near the coast, unable to break through into the open plains of France. The U. S. Air Force was ordered to smash a pathway for the ground forces. Its bombing attack was concentrated in the area near the town of Saint Lo.

Upon this area the Air Force poured a terrible rain of destruction that opened the way for troops and led to the eventual collapse of Germany's power to make war. In the process, Saint Lo paid the price of incalculable devastation.

Saint Lo was not permanently devastated however. Remarkable progress has been made toward restoring the town and its beautiful countryside. A kind of symbol of these efforts is the modern 400-bed hospital which has risen from the ashes of destruction. The hospital, half of whose cost was contributed by private citizens of the United States, was dedicated recently.

The American ambassador to France, Douglas Dillion, said at the ceremonies:

"The end of the occupation cost Saint Lo dear. Thus it was simple justice which caused Americans and French to wish to build, in this historic theatre of the most extreme violence, a shelter of peace, a refuge where the sick could be cured, suffering eased, and new lives brought into the world."

This is a heart-warming thing, that such a "shelter-of-peace" should stand where war raged little more than a decade ago. We in the United States, whose lands have never known the devastation of modern warfare, can be humbly proud of our part in making the Memorial Hospital of Saint Lo a reality.

A MATTER OF CONSENT

The great question 20 years ago was not political, but "Will King Edward VI Marry Wally?" The romance of the king and an American divorcee caused the king to abdictate. Instead of Queen of England and Empress of India, Wally Simpson became the Duchess of Windsor, and the writer of a popular autobiography.

The man who brought on this crisis has just died. He was Lord Schuster, then permanent secretary to the lord chancellor, head of the British legal system. In 1936 he submitted a memorandum that the king could not abdictate to marry Mrs. Simpson without consent of the government.

This consent was readily given by Premier Stanley Baldwin, who disliked both the king and his future bride. Had his opinion been that the king could marry whom he pleased, Edward VI might be ruling today.

TOWERS OF GABBLE

Among the assorted facts turned up about the current session of Congress are these:

Through June 30, the members of the Senate talked a total of 635 hours and 56 minutes. By contrast, House members were spouting only 315 hours and 47 minutes.

Keep these figures handy. When somebody asks you what it means to call the Senate the "greatest deliberative body in the world," you'll be able to tell them.

As for that House bunch, they look like a pretty close-mouthed outfit by comparison. They like to get in on that verbal freewheeling.

'These Days'

By GEORGE SOKOLSKY

THE RIGHT TO ORGANIZE

Since the very beginning of the American nation, it has been regarded as a right among the American people to organize themselves into associations, societies, committees for purposes of their own. These days one hears more and more the question, who are these people who band themselves together for a specific purpose? Why not leave it to the government?

But there are many things that Americans do not leave to their government, as, for instance, the choice of a candidate for the Presidency. Two private conventions will make that choice, bodies which really have no legal status at all. Nasser of Egypt received a vote of 99.9 per cent—practically the same at Hitler's vote used to be—but neither Eisenhower nor his opponent will get such a vote because the people of the United States are not afraid of their government or of political parties.

Americans have organized themselves for every purpose, the Society for Prevention of Cruelty to Animals, the Foreign Policy Association, the Communist Party, the American Jewish League Against Communism, trade unions, churches, sects, lodges, anything you can think of has members who meet often or rarely for specific or for general purposes. And many of them exist not only to tell the government what to do, but to watch public officials so that they do what each group thinks is the right thing to do.

Labor unions each year get up a list of those who favor labor and hope that they will be elected. I have never heard of the National Association of Manufacturers producing a similar list and it would not count for much if they did. Should we therefore say that those not endorsed by labor unions are blacklisted? Nonsense! Any American has an inalienable right to get up a list of those whom he favors and those whom he opposes and tell his friends about it. Maybe they will pay attention to him; maybe they will not. Certainly, if the AFL-CIO said that a commentator was anti-labor, few manufacturers would risk sponsoring that commentator. He would be labeled as a controversial person.

The theory that the government must police all the functions of the people is strictly not in the American tradition. And, of course, it does not and cannot happen, although there is an increasing tendency among bureaucrats to expand their power over wider domains. Nevertheless, the people are free themselves from such domination by organizing another committee or another association to raise a rumpus over something or other.

Those who criticize others for organizing self-appointed committees and associations to do this or that are themselves self-appointed and although some may be richer than others, because somebody died and left a load of money for what he thought would be a good cause and to avoid paying an inheritance tax, mere richness is no proof of worthiness. Most often, the fellow who earned the money and left it for others to spend would drop dead a second time if he could come to Earth and discover what is being done with his savings. No lawyers have yet succeeded in writing a will or a law that would safeguard a dead man's money from being spent in fashions other than he intended.

These Funds and Foundations and Trusts fall into the hands of professionals who organize all sorts of committees and subsidize associations which keep many men and women busily occupied with public affairs some of which are of great value and others of which are of no value at all, except that they keep their employes employed. There are many associations, not endowed by dead men, which seem to have no other purpose than to collect money to remain alive so that they can keep the collectors employed. Because the Treasury is a bit strict on tax evasions, such organizations, if their collections are tax free, must publish reports and brochures to prove that they do something and occasionally their employes get into a row with the employes of another collection outfit over something that does not exist—whereupon they hit the inside pages of some newspapers and thus can prove to their members that they are performing a public service.

All this is to the good, because it is part of the mechanism of freedom.

That Body of Yours

By JAMES W. BARTON, M.D.

BROOKLYN HEBREW HOME

We were speaking yesterday about the day-activity program for elderly people who have not had to enter a home for the aged but who find it satisfying to have a center to go to where they can find people their own age and enjoy a variety of activities.

Administrator Moses Wachs, of the Brooklyn Hebrew Home and Hospital for the Aged who run such a center, says, "We realize that we have merely scratched the surface of possible activities and that we must develop the program further—to include, for instance, a vitally needed medical service for the non-resident or day center member. This service should consist of diagnostic and preventive medicine, with referral to the private physician or another agency for treatment. A psychological adjustment program would be useful for those who are joining the ranks of the retired. A proper nutrition program should be instituted for those who find it difficult to prepare food themselves because of physical handicap or lack of proper kitchen facilities."

The question is always asked, "Why should a home of the aged have a day center, home care, or a medical program as part of its work? Should not specialized agencies care for each?" I would like to quote from a 1953 report by the New York city mayor's advisory committee on the aged:

"Homes for the aged have a stake in the preventive as well as the custodial care of older people and a day center program is considered to be a potent inoculation against premature senility and physical deterioration. The other reason is that the activity programs, plus the stimulation of the younger day-center members, serve to reawaken the residents' imagination and develop their creative abilities, thus increasing their zest for positive living. Moreover this plan makes possible extension of the home's facilities to older persons in the immediate vicinity and stimulation to home residents at little additional cost."

Although the average age of the resident of the home is ten years more than that of the center member, there are active participants in the day center program who have reached the age of 85, who do not yet desire to enter a home for the aged. They prefer to live outside the building and use the facilities of the day center.

The program for the 600 day center members is carried out in the same building that houses 450 residents. The home, at a small additional cost, set aside three rooms for day center use. There is also a kitchenette serving sandwiches for ten cents and coffee or milk for 5 cents from ingredients from the main kitchen. All other services are without cost. Craft rooms and instructors of the home are at the disposal of the center members, which helps to keep down the cost of operation.

I would like to talk about this same Brooklyn Hebrew Home again tomorrow but want to stress at this point how economically run such a program can be, particularly when the home is situated, as is the current trend, in a central location and not out in the country, "away from things."

Edson's Washington News Notebook

BY PETER EDSON
NEA Washington Correspondent

Washington — (NEA) — Any city that wants a new U. S. post office or federal office building in the future will probably get it under the new lease-purchase plan. This was thought up as something that would save the government money. But that has yet to be demonstrated and the whole thing is still a pig in a poke.

Under the old way of doing things, Congress would appropriate up to five million dollars or so whenever the government put up a new combination post office, courthouse and office building for federal agencies in some regional headquarters. But once it was completed, the government occupied it rent-free and tax-free forever.

Under the new lease-purchase plan, the government makes a contract with some private builder to finance and put up—say a five-million-dollar building. The government then leases the building. The rent is applied on the purchase price. It's the same as buying your own home on the installment plan.

IF THE YEARLY rental is $250,000, that's obviously a lot less than the five million required to put up the building. If this rental is paid for 20 years, the total outlay would be five million and the government would break even. But if $300,000 had to be paid for 20 years to cover taxes, interest and builder's profit, the total cost would be six million dollars. This obviously would be no way to save money.

Though this lease-purchase plan has been on the books for over two years, ground has not yet been broken for a single new edifice. So nobody knows whether this will be a good thing for the taxpayers or a godsend for the building industry.

The explanation for the delay is that Congress passed this law in very general terms. It took a year to write a 64-page book of regulations to keep bidders on the beam.

THEN THE GOVERNMENT had to decide what new buildings it wanted, and where. Sites had to be secured and plans drawn up with specifications. Finally, bids had to be advertised for, and time given for submission of bids and letting of contracts.

That took another year. So now, in 1956, these positive results can be reported:

General Services Administration—which makes the deals for buildings occupied by more than one agency—has let one contract. It's for a post office-courthouse in Rock Island, Ill. The winning basic construction bid was for $1,674,500.

But this is only the first cost. There may be overages or underages. As long as the building is privately owned, it will remain on local tax rolls. The taxes haven't been determined. On top of this the government has agreed to let the builder finance the cost at 4 per cent a year. The real, total cost—whatever it is—will be amortized in 25 years.

The government will therefore own its building in 1981. In the meantime, it will pay all upkeep and utilities costs.

F. MORAN McCONIHE, commissioner of public buildings, says GSA is going ahead with 29 other lease-purchase projects. Their total value will be 155 million dollars, an average of over five million apiece. Other projects being planned will raise the total to 500 million dollars.

In the meantime, Post Office Department—which provides for its own space where buildings are to be used for postal services only — has 27 lease-purchase projects approved. Forty more are being processed.

Bids on four of them are to be opened July 31. They are for post offices in Pt. Pleasant, N. J.; St. Mary's, Ohio; Oxford, Pa., and Scranton, Pa., Dinsmore branch. Six or seven more lease-purchase contracts will be let in the next 60 days.

The idea is to build most-needed structures first. GSA, Budget Bureau and Congressional Public Works Commission approve the lists. It's up to postal inspectors to make sure there's no graft or waste on new postal space leasing.

Twenty and Ten Years Ago

July 19, 1936 — Plans were completed for the convention here July 24 and 25 of the Ulster County Volunteer Firemen's Association.

Miss Julia Dillon Burgevin, formerly of this city, and Vladmir Illiaschenko were married in London, England.

Plans were in progress here for the formation of an amateur photographer's club.

Today in World Affairs

Realism Is Seen Now Coming To Fore in Defense of NATO

By DAVID LAWRENCE

Washington, July 19—Realism has at last come to the fore in the military planning with respect to the defense of those countries which are members of the North Atlantic Treaty Organization.

It has finally been realized that the continued presence of very large bodies of foreign troops on the territory of any member country is not conducive to good feeling and can provoke friction.

BUT UNTIL NOW there was no way to meet the necessity for maintaining such large troop organizations abroad and the local problems arising on account of their presence. With the introduction, however, of atomic artillery and missiles as an integral part of ground warfare, there has come a timely solution of the problem. That's what is back of the recent talk of a reduction in American manpower abroad.

Sen. Mansfield of Montana, Democrat, in his speech mistakenly assumed that a withdrawal of some ground troops from foreign lands means a revival of the "Fortress America" concept. But he is not alone in this erroneous appraisal, because there have been editorial twists making the same point in recent news dispatches hostile to the administration's program.

For there is no more chance of a "Fortress America" concept being adopted by the military planners of the United States than there is of fighting the next war with toy balloons. The shortest distance between two points is still a straight line and, as long as there is a United States Navy, with its mobile bases on aircraft carriers, and land bases overseas from which American Air Force planes can fly short-distance missions to points in enemy country, the fighting will be kept as far away from American shores as it can possibly be.

WHILE THE intercontinental bomber is being talked up, it is not by any means intended as a single source of defense, though its striking power may be greater than many of the planes operating from overseas bases. It was discovered in the Korean War that it is the frequency of the sorties by medium bombers from near-by bases which counts and not the infrequent missions of long-range bombers from distant bases.

Senator Mansfield is fearful that a cut in American manpower abroad will reduce America's ability to assist in fighting "small wars." But this is derived from a wrong inference that the United States has decided to give up its overseas bases. Nothing would please the Communists more than to see overseas bases denied to American Air Forces, but nobody in his right mind wants to give them up where they are really needed. The base in Japan, for instance, is now being given up because substitute bases in Korea and Okinawa near-by are readily available. Withdrawal from Japan of foreign troops helps to ease the feeling inside that country.

What has been misrepresented is the reported decision to cut American manpower in Eu pean countries. A fragment a military plan leaks out to public through indiscreet m tary men in the lower echelo and it is immediately exagg ated by the politicians i something which it never w intended to cover. There ha been, for example, plans in making to cut manpower abro but not at the expense of curity.

THE MERE NUMER of troo in an army no longer mea ures its effectiveness in a mi tary way. Modern weapons a forces equipped with atom artillery, however, can sa manpower. The rulers of t Soviet Union know it, and tha why they are making a big ge ture out of their readiness to c 1,200,000 men from their 15,00 000-man army.

It has never been officially a nounced how small a mode division can be in numbers if it equipped with the latest weapo and yet exceed in effectivene and striking power the old d visions. But it is common know edge that this is what's behi the new programs, and that why there is talk of a reducti in manpower abroad.

Everybody who is famili with the situation in the cou tries bound together in what known as the North Atlant Treaty Organization knows th it is not popular nowadays increase the length of term military service. The trend h been the other way — towa regular armies with high trained and well-paid personn

FOR AMERICA the new po icies may mean a cut in t drafts calls. But the need for v unteers who will serve a long period and become part of t atomic Army and Navy and A Force of today is even great than before.

The Secretary of State, Jo Foster Dulles, at his Wednesd press conference made it cle that there may be less depen ence hereafter on overseas base but he added that this was b cause America's defense w being strengthened by lon range bombers. He said also th it would be too expensive depend on a defense based e tirely in this country and th American retaliatory pow based abroad is absolutely e sential.

So it all comes down to o conclusion—our allies are w aware of the new trends military weapons and agree th cuts in manpower can be ma and that America is wise in r ducing her troop contingen stationed abroad. But at t same time it is well understoo that the United States is mo interested than ever before an effective defense under t North Atlantic Treaty.

There isn't the slightest inte tion of lowering the gua against sudden aggression—b defense can be achieved no adays with fewer troops a less annoyance to foreign pe ples and less expense. Certain these are worthy objectives, an incidentally, they will cut dow the opportunities for the Co munists to sow friction betwe the United States and her a lies.

A Year After Summit Parley

U. S., Reds Still Far Apart But Fear of New War Is Less

BY JAMES MARLOW
Associated Press News Analyst

Washington, July 19 (AP)—What has happened to the Geneva spirit" in the 12 months since President Eisenhower had his pleasant Summit meeting—it opened a year ago this week—with the Russians in Switzerland?

This much, at least: There is less fear of war. Both sides are talking of making huge cuts in their armed forces, too. But the United States and Russia still stiff-arm and belittle each other.

WHAT CAN'T BE known is this: How much better would the Geneva results be now if Eisenhower, instead of being ill for months since July, had been in a position to assert leadership and give this country a better sense of direction?

In their closing announcement at Geneva Eisenhower and Russian Premier Nikolai Bulganin laid down three main goals: German reunification; disarmament; increased trade and elimination of barriers between the United States and Russia. The result?

The two sides are as far apart as they were before Geneva on German unity. Disarmament agreement seems no nearer. Exchange of visitors has picked up. And this country has made it easier to ship nonstrategic goods to Russia.

SINCE LAST JULY Eisenhower and Bulganin have exchanged several letters on disarmament. These letters only accented the distance between them. But the personal relationship, established at Geneva, may be useful in other ways later.

The Russians speak highly of Eisenhower but of practically no one else here. They haven't stopped their anti western attacks. But they've spaced them out more. As if to celebrate the Geneva anniversary like a pixy, this week Communist party boss Nikita Khrushchev made one of his worst anti west attacks.

The Geneva conference seemed to confirm what has become increasingly evident: That a world war was becoming more and more impossible since the United States and Russia ha accumulated such terrible wea pons of destruction and retalia tion.

THE RUSSIANS, apparentl acting in the belief that wit war ruled out they must turn t more peaceful and obviou means of conquest, began to d what they could to make hay i a hurry.

Bulganin and Khrushchev, act ing like men of the best inten tion, made trips around, offere their neighbors economic help sought without saying so t weaken American ties with othe countries everywhere.

There can be no doubt th Russians have been actin shrewdly and effectively. Bu while they were gaining in in fluence with their new tactics in this country there has bee a sense of drift.

THE AMERICAN governmen —because it seems at the mo ment unable to think of any thing new to offset or counte the Russians—has been stickin to the old tactics which wer created when war seemed muc closer than now.

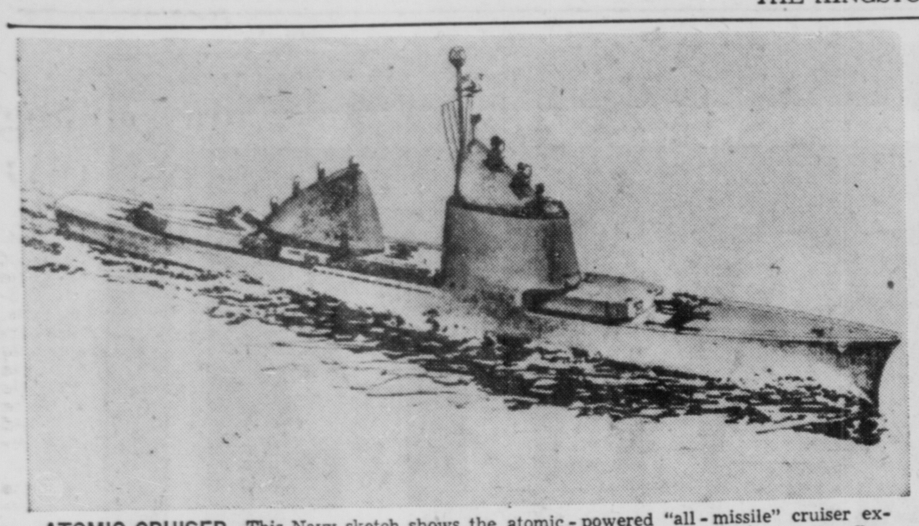
If Eisenhower hadn't been il in this period, he might hav offset the Russians, or eve brought them into more agree ment, with new ideas and bol decisions. American foreign pol icy has simply marked time while he was sick.

Some have been critical of the Geneva meeting, feeling that i Eisenhower hadn't gone there the Russians wouldn't have been able to give an appearance o reasonableness.

This sounds like stand-pattism based on the assumption that the Russians don't have imagination and vitality to do what they did anyway. What is needed now is more American imagination and vitality.

Bedroom Court

Billings, Mont. (AP)—The court moved into the bedroom for Mrs. Sam Vinner to become a citizen. The Polish-born woman has been confined for years by multiple sclerosis. Her husband helped her make the final move to citizenship. He raised and steadied her right hand as the court clerk administered the oath of allegiance.



ATOMIC CRUISER—This Navy sketch shows the atomic-powered "all-missile" cruiser expected to play an important part in the fleet of the near future. Designed to be equally effective against sea, land and undersea targets, the all-purpose cruiser will carry a number of multiple launchers for missiles of varying range and capabilities, plus torpedo launching equipment. The ship is now scheduled for construction.

PO Design Approved

Washington, July 19 (AP)—The General Services Administration today announced approval of a contemporary design for the $1,840,000 post office and federal court house to be built at Jamestown.

The design is the joint architectural work of the firms of Beck and Tinkham of Jamestown and Duane Lyman and Associates of Buffalo.

The L-shaped structure will be erected on a nearly triangular plot bounded by East Third St., Prendergast Ave., East Second St., and a park area.

Jehovah Group Convenes, Park Rental Criticized

Jersey City, N. J., July 19 (AP)—Jehovah's Witnesses from 170 congregations in New Jersey and New York state gathered in Roosevelt Stadium today for the start of a four-day convention.

The fundamentalist Christian group said some 7,000 members were to be on hand to hear William Jackson of Brooklyn, N. Y., headquarters deliver an address of welcome.

It is estimated 12,000 will hear the main address of the district meeting Sunday afternoon by Fred W. Franz, vice president of the Watchtower Bible and Tract Society, the official name of the sect.

Jackson's talk was entitled "Be filled with accurate knowledge."

The Witnesses, who claim more than 642,000 members throughout the world, foresee an inpending Armageddon, a great final conflict between the forces of good and evil, and preach a return to the exact wording of the Bible in door-to-door contacts with nonmembers.

During the convention, Witnesses hope to canvass every home in this city of some 300,000 persons.

The group contends all its members are active ministers and has won them exemption from military service on these grounds in cases carried to the U. S. Supreme Court.

Rep. T. James Tumulty (D.-N. J.) has charged that the Brooklyn Dodgers and the Jersey City administration were "disgraceful" in leasing Roosevelt Stadium to the Witnesses.

"I cannot understand," Tumulty said, "how anyone would consent to renting the municipal stadium to a biased group who will not defend their country by serving in the armed forces or allow their children to salute our flag in the schools."

The Dodgers have leased the 24,000-seat stadium for a series of baseball games this season. They reportedly sub-leased it to the Witnesses for the convention for $7,500.

The Witnesses said its 71 congregations in New Jersey, numbering 5,167 members, will be represented at the convention.

Dag in Jerusalem

Jerusalem, July 19 (AP)—UN Secretary General Dag Hammarskjold arrived in Jerusalem today for a check on the armistice observance by Israel and her Arab neighbors. He immediately went into conference with Premier David Ben-Gurion. Landing at Lydda Airport with UN truce supervisor Maj. Gen. E. L. M. Burns, Hammarskjold told reporters he was glad of the chance "to renew personal contacts which I highly appreciate."

Man-Sized Treat Awaits In Chicken Bonne Femme

By GAYNOR MADDOX
NEA Food and Markets Editor

From North Falmouth on Cape Cod we drove to nearby breeze-swept Treadway Inn. James Clark, the tall and youthful innkeeper, has a special way with chicken.

Chicken — Clark style — goes like this: Use broiler-fryer chickens cut into serving pieces. Dust very lightly with flour. In a heavy pan brown chicken delicately in LOTS of butter or margarine.

Then add either fresh or canned mushrooms (drained). Saute slightly. Next, add sliced, ripe olives and blanched almonds. Season to taste with salt and pepper.

Add ½ cup sherry or ½ cup vegetable stock with lemon juice. Bake in moderate oven (about 375 degrees F.) for 45 minutes, or until tender.

Turn chicken occasionally and add more liquid if necessary to prevent drying.

Chef O'Donnell Favors Chicken Bonne Femme

Use 2 broiler-fryer chickens, about 2½ pounds each. Cut up, season with salt and pepper. In large pan, carefully saute in butter or margarine until golden brown. Remove chicken. In same pan, saute 6 shallots, chopped. Next add sherry or lemon juice to taste. Reduce liquid slightly, then return chicken to pan. Add 1 pint of brown sauce. Cover, and cook in moderate oven (350 degrees F.) until tender. Saute small white onions (pearl) until golden and add to chicken just before serving.

NOTE: Brown sauce is really brown gravy made with a little chopped onion and a strong beef and vegetable stock.

JACOBY ON BRIDGE

Swindling Without Risk

By OSWALD JACOBY
Written for NEA Service

Certain swindles cost nothing. If they work, well and good; if they don't, you have lost nothing but your time. A typical example was executed in the hand shown today when it was defended by Marshall Miles, of Los Angeles, in a recent regional tournament.

West opened the six of diamonds, and Miles played the queen from the East hand. This play would win if West had led from the king. Moreover, there was no way to stop South from winning a trick with the king of diamonds if he happened to hold that card.

South won with the king of diamonds, led a club to dummy's jack, and returned a spade towards his hand. Miles hopped up with the ace of spades and returned the deuce of diamonds.

South's bidding indicated that he held at least three diamonds, probably headed by king-jack.

Miles knew that he would merely make matters easy for declarer if he cashed the ace of diamonds at an early stage. The low diamond lead might give declarer a guess or a persuasive losing finesse.

South should have had no problem. His only chance was to put up the jack of diamonds in the hope that East had the ace. If South had done so, he would have taken the rest of the tricks, and East's ace of diamonds would have gone to sleep.

As it happened, South could not believe that East had first played the queen of diamonds and had then returned a low diamond from any holding that included the ace. Hence South made the give-up play of his low diamond on the second round of that suit. Now the defenders rattled off the rest of the diamond suit, setting the contract!

To Shame, Men!

Stillwater, Okla. (AP) — Nelda Ruth Snodgrass, Oklahoma A&M freshman from Wagoner, can put to shame many of Oklahoma's male marksmen. The brunette coed has seven wins in southwestern rifle meets, and recently scored 40 bullseyes in 40 shots to win first place in a National Rifle Assn. contest for women.

"It's Fun to Eat Outdoors"

...and to pack more pleasure in your picnic basket, pack it with plenty of

GRANDMA BROWN'S
HOME BAKED BEANS

Summertime is picnic time, when the family takes to the hills, beaches, camps—or just the backyard barbecue grill. It's the time that adds extra zest and goodness to all kinds of foods in the picnic basket.

One favorite that goes with just about any food in that basket is Grandma Brown's Home-Baked Beans—the real old-fashioned, country-style beans — slow simmered, and then open-pan baked just as you would in your own home. Served hot or cold, Grandma Brown's Beans are truly different and delicious.

However you like them, make sure you bring them on that next trip to the great outdoors. Out there, appetites are really keen — just like Grandma Brown's Home-Baked Beans.

And don't forget — Grandma Brown's famous bean sandwiches are a delicious addition to any picnic.

Batavia to Get New Stand, Clubhouse

Batavia, N. Y., July 19 (AP)—Officials at Batavia Downs today announced that a three-level grandstand and two-story clubhouse costing $1,000,000 will be erected at the track before the 1957 harness racing season.

Track spokesmen said the new grandstand and clubhouse will be built on the site of the present stand but will be nearly twice as large.

The new grandstand will seat 3,100, the same as the present one, but the officials said the structure will include many improvements and that undercover accommodations for standees will be doubled.

The present grandstand will be torn down at the end of the summer-fall meet in October. The track's summer meet begins Monday.

LUCKY TUCKIE—A family pet missing since 1950 returned home as mysteriously as he had disappeared. The dog, Tuckie, belongs to Mr. and Mrs. Tony Anslinger of Atchison, Kan. They were sitting on the porch recently when the dog came trotting up the street. He ran to them when called. They tried to convince themselves it isn't the same dog that ran away six years ago, but all evidence points to it as being the very same Tuckie.

Reports Greatest Road Spending Under Harriman

Buffalo, N. Y., July 19 (AP)—Gov. Harriman's Public Works Superintendent said today more money had been devoted to highway construction since Harriman took office than in any other comparable period in the state's history.

John W. Johnson told the New York State County Highway Superintendent's Association that 180 million dollars worth of contracts had been let by his department in the 18 months since Jan. 1, 1955.

Johnson said in his prepared remarks that the total was "many millions of dollars" greater than that assigned for highways in any 19-month period of the past.

In Albany, a spokesman for the Public Works Department said the next greatest amount was 170 million, let in the period from January, 1953, through June, 1954. Thomas E. Dewey was governor at that time.

Johnson said his department had done its best to distribute the highway construction throughout the state "on a needs basis, so that no section, urban or rural, would have cause to feel neglected."

The superintendent also outlined to the meeting his plans for reorganizing the Public Works Department to handle the state's expanded highway construction program.

HEALTH FOR ALL

BLONDE BOMBSHELL

I you're tempted to bleach your hair the shade that gentlemen are supposed to prefer, you might remember that the famous quote ends "but they marry brunettes."

If you can reconcile yourself to the shade of hair that nature gave you, it will be better for the health of your hair. Medical authorities warn that a woman risks losing many of the prized properties of her hair when she sets about becoming a blonde the peroxide way. The hair's sheen, its ability to take and hold curl, and its generally healthy look are often sacrificed.

Bleached hair always looks dry and is brittle and hard to manage. There's little doubt that bleach weakens the hair, since it must be strong enough to penetrate through the major part of each hair to reach the pigment in the center of the shaft.

Getting the right shade of blonde hair is another problem. Peroxide most often produces a harsh yellow, unflattering to all but the very young. So a hair dye must be added to get a shade that will be suitable to the complexion. The two processes considerably increase the strain on the hair.

And that's only the beginning. It isn't the initial cost, it's the upkeep. Hair bleaching requires skill and should be entrusted to no one but a professional. Hair grows about a half inch a month, so newly grown hair must be bleached at least once a month—a continual strain on the buget. Another problem is the fact that bleached hair resists curling. Permanent waves and even routine setting after a shampoo produce inferior results.

So ask yourself, before you decide you must become a blonde bombshell, whether it will be worth the price.

Conflict of Duties

Fulton, Ky. (AP)—For Sheriff John Rose it was simply a matter of conflict of duties. But for a while, townspeople were on the verge of sending out a searching party for the law officer. He was missing, along with a set of keys to the ballot boxes, on the night of the recent primary election. Joe B. Bates conceded the Democratic nomination to incumbent U. S. Sen. Earle Clements before the sheriff showed up three hours after the polls closed. He had been out serving papers and wanted to get that job done before starting another one.

TV Talent Will Appear at 111th Dutchess Fair

The greatest array of talent ever assembled at an eastern New York fair—including such recording and television favorites as Russell Arms and Jill Corey, and "Queen of the Rock N' Roll" Lillian Briggs — will play at the 111th Dutchess County Fair in Rhinebeck next month.

Dr. Kenneth Chase, Rhinebeck, who headed a special committee to book the grandstand show, said today, "We wanted to get the best show available, with big name stars. We wanted to present talent which would appeal to every taste and age group. We believe we have achieved everything we set out to get."

In trying "something new" for county fair entertainment, Dr. Chase and his committee have booked three separate and complete shows for the six-day fair, Aug. 24 through 29.

The presentation on opening day, Friday, will be an all-Rock N' Roll show headlined by Lillian Briggs, whose records "I Want You to Be My Baby" and "Too Close for Comfort" helped her win the title of "Queen" of the jive set. This first day program also will feature Phil Lawrence and Mitzi, "Youth on Tap;" and the instrumental trio from the south, the Johnny Burnette troupe, former electricians who for a time worked for the same company in Memphis which employed Elvis Presley as a truck driver.

On Saturday, Sunday and Monday the grandstand show will be the "Midwestern Hayride" of television and radio fame including the "Midwesterners" square dance team and the whole cast seen and heard coast-to-coast. Filling out the program with the nation's number one square dance combination will be such favorites as Rockin' Rudy Hansen and his guitar, singer Dixie Lee, Phyllis and Billy Holmes, and the comedian-singers "Sunny and Lefty, the Hayseeds."

On the final two days, Tuesday and Wednesday, Russell Arms and Jill Corey will head a big vaudeville show, with music provided by Ernie Rudy and his MGM recording orchestra. Russell Arms has appeared for several seasons as a leading star on the Saturday night Hit Parade, and Miss Corey is known for her featured performances with the Johnny Carson and Robert Q. Lewis shows, as well as for her record hits and guest appearances.

Mental Hospital Opposes Runway For Griffiss Base

Utica, N. Y., July 19 (AP)—Marcy State Hospital, a mental institution has protested proposed location of a runway at Griffiss Air Force base.

Hospital officials said yesterday the change would bring planes directly over the hospital, which is 10 miles from the air base. The officials said nervousness would result among the patients.

Charles De Angelis, president of the hospital's board of visitors, said he had asked Rep. William R. Williams to lodge a formal complaint with the air force.

The air force said yesterday in announcing the proposed construction, that the number of flights using the approach over the hospital would be kept to a minimum.

Dr. Newton J. T. Bigelow, hospital director, said there were 157 veterans among the patients.

"We feel in view of the nature of our patients we are entitled to special consideration," Bigelow said.

School Anniversary

Syracuse, N. Y., July 19 (AP)—A special convocation today marks the 50th anniversary of the founding of the Syracuse University School of Education. Honorary degrees were to be awarded to eight persons the university said had made "outstanding contributions" to education.

The degree of Doctor of Letters was to be conferred on Norman Cousins, editor of "The Saturday Review of Literature." Cousins was to be main speaker. His topic was "Life Begins at Fifty."

Red Cross Faced With 24-Hour Job In Home Service

Home Service of the Ulster County Chapter American Red Cross is a 24-hour a day job, with 90 per cent of the Home Service cases emergencies which must be taken care of immediately.

Mrs. Ethel K. Wood, Home Service Director, is assisted in her duties to fulfill this charter responsibility of Red Cross by the Home Service Committee who are Mrs. Robert Keefe, chairman; Mrs. Gerard Betz, Mrs. Henry Parker, Mrs. A. W. Mollott, Mrs. Evan Davis, Mrs. Albert Kurdt, Mrs. Joseph Deegan, Mrs. Milton Friedman, Mrs. Raymond Woodard and Mrs. Robert Shellenberger.

Red Cross services are no less important to today's peacetime servicemen than they were during the Korean conflict. The Ulster County Chapter Home Service is on the job at all times to give help and guidance to men and women in service, veterans and their families.

Home Service assistances may deal with illness or deaths in the serviceman's family. They may be requests for advice or financial assistance because an allotment is delayed, or a veteran may need assistance in filing a claim. Whatever the case may be, Home Service provides specific services to meet the problem, Mrs. Wood said.

"In fact, Home Service typifies the whole philosophy of Red Cross, that is, a friend and counselor to the perplexed, to those in need and to the men and women who are and have been the bulwark of our National Defense," Mrs. Wood said.

To Study Rail Petition

Boston, July 19 (AP)—The Boston & Albany Railroad's petition to install a single track system between Framingham and the New York state line was taken under advisement by the Interstate Commerce Commission after a hearing yesterday. Three railroad brotherhoods and Boston city councillor Edward J. McCormack, who opposed the move, were ordered to file briefs by Aug. 20. The Boston & Albany said the single track system would use sidings to permit passage of trains headed in opposite directions, with traffic being directed by a centralized control. It said freight and passenger trains would use separate tracks.

Saugerties C of C Announces Sales Days Promotion

Saugerties Sales Days plans were outlined at the Saugerties Area Chamber of Commerce meeting Wednesday night in Schoentag's Colonial Tavern. The dates set were July 26, 27 and 28.

According to Norman Reamer, chairman of the merchants committee the promotion will feature free parking in the new 100-car municipal parking lot on Partition street. The Chamber has arranged for use of the newly-opened parking area for the three day sale and no coins or tokens will be necessary for those days.

Thomas W. Reynolds Jr., president of the businessmen's group said the purpose for encouraging use of the new facility was to alleviate congestion and double parking and permit more curb parking for the short time parker.

Chamber members voted in favor of raising the license fee for peddlers coming to the community, and a committee was appointed to press for the higher charges at a public hearing to be held by the village board of trustees on August 6 in the municipal building.

Most of the merchants participating in the Saugerties Merchant's Appreciation Day voted against continuing the program after present arrangements expire on August 3.

New members accepted by the Chamber were Fred Trnka of Trnka's Beach, Asbury, and Donald Erath of Overbaugh Flower Shop.

Movie Star Has Baby

Paris, July 19 (AP)—Movie star Olivia de Havilland is the mother of a 6 pound 13 ounce daughter. Born yesterday in the American Hospital, the baby will be named Giselle. Miss de Havilland is the wife of Pierre Galante, a French movie reporter. She has a 6-year-old son by her first husband, writer Marcus Goodrich.

Cub Scouts Visit Barclay Knitwear

The processes utilized in the manufacture of sweaters and polo shirts were shown to the Cub Scouts of Pack 19, Veterans of Foreign Wars, by the Barclay Knitwear Company of 139 Cornell street, Tuesday.

One of a series of educational trips planned by the committee of Pack 19, the visit to the knitwear concern proved exceptionally interesting to the Cub Scouts, said a pack spokesman.

Den Mothers Betty Eighmey, Lillian Rittie, Beatrice Connelly, Marion Sahloff, and Nancy Wells were in charge of Pack 19, along with the Den Chiefs of the pack.

PIN-POINT CARBONATION

Weekly Food Review

By The Associated Press

Assorted varieties of chicken, a usual summer special, and roast beef, an unusual summer entry, will be featured this weekend at the meat counters of the nation's food stores.

Both stewing chickens and fryers, adaptable to hot meals as well as cold in the summer will be the special at many supermarkets and grocery stores. As might be expected, fryers are from 2 to 4 cents a pound cheaper in many section of the country.

WITH THE PICNIC and outdoor cooking season in full swing, some housewives are averse to making a big Sunday dinner built around a roast, but a good number of stores will show attractive prices for beef in several forms—prime ribs, top round, pot roast and chuck roast.

Picnic hams, veal, turkeys, leg of lamb and steak also will get their share of attention from housewives looking for a bargain.

To go with the meat she selects, Mrs. Housewife can choose from lettuce, cabbage, beets, squash, escarole, radishes and green onions if she wants an outstanding buy at the vegetable counter.

PRODUCE MEN also rate cucumbers, carrots, endives, peppers, beans and nearby celery, where it's available, as good buys. Tomatoes are expected to be slightly irregular in quality, but attractively priced, especially in those areas where the local crop has come in.

Potatoes, which have been soaring in price steadily for some time, may be coming down in the near future, for wholesale prices were somewhat lower this week. The big Long Island crop has slowly started to come into the market. Rainy weather in this, or other growing areas, could halt digging, however, and thereby prolong the shortage that sent prices sky high.

THERE ALSO WAS good news for the housewife, on a long range basis, regarding eggs, another basic item in every kitchen. Although eggs were up seasonally 2 to 3 cents in some areas, figures show that hen house efficiency is still improving. Thanks to better poultry breeds and better feeds, egg production per hen has risen from 112 a year in 1925 to a record 192 a year in 1955.

Limes again will be the best buy at many fruit counters, with smaller sizes of watermelons, peaches and lemons also priced for action. Cherries, grapes, plums and apricots from far western growing areas also were slightly lower this week. Government officials look for an 11 per cent increase in the plum crop, incidentally.

The ancient Chinese piped natural gas through sections of bamboo.

America used 61 million cases of evaported milk in 1947 and 55 million cases in 1955.

DO YOU REMEMBER

By SOPHIE MILLER

Folks who at any time lived in Catskill may be interested to learn that The Catskill Daily Mail of Tuesday, July 10, 1956, put out a Sesquicentennial Edition (1806-1956) of 16 additional pages in two sections. It is their contribution to the celebration of the 150th anniversary of the grant of the first charter to the Village of Catskill. I received the copy from Bob Browning. It seems the research was done by George W. Bagley, one of the leading historical writers of the Village of Catskill and Greene county. Mr. Bagley is a native of Catskill born there Jan. 26, 1904 of Connecticut Yankee stock. He began keeping a scrapbook as a boy on April 6, 1917 when the U. S. entered World War 1. From then on he read history, especially about his native village. He still keeps scrapbooks and has some 250 volumes. He started his career as a newspaper boy for the Daily Mail, later worked in drug stores and the A&P grocery. During World War 2 he published the Greene County Good News Letter, sent monthly to 3,500 local boys in service. He received over 8,000 letters from them in return. Perhaps there are folks in this area who may be interested in some information concerning Catskill or Greene county, no doubt George W. Bagley could answer it.

There is an item in that paper about the Callanan Road Improvement Co. which was founded in 1883 by Peter Callanan. His son, J. Reid Callanan, is now president of the company, and four other members of the family take active part in running it. The firm recalls with pride that it constructed the first state highway in New York state, under New York State Contract No. 1, dated Sept. 7, 1898. At present they have quarries at (Connelly) Kingston, South Bethlehem, asphalt plants at Feura and here locally, also an agricultural limestone and asphalt filler plant at South Bethlehem. It has its own tug, transporting stone from our Kingston plant to New York city area and also transporting much of the brick shipped down the Hudson river. Road and street construction are an important part of the company's operations. They have recently purchased rock property at Roseton and plan for a large modern quarry at that site, so says the Catskill Daily Mail.

Another item Bob Browning sent me seems to be from a Saugerties newspaper, it is dated June 23, 1880: "The recent census of the city of Kingston is completed and shows a loss of nearly 3,000 . . . Poor Kingston, putting on city airs when she couldn't afford to and trying to keep up appearances, is working its natural consequences for her as evidenced in the decline of her population of over one-fifth." They do not give the reason for the above, but Kingston certainly boomed since. The 1828 D & H Canal brought the population up no doubt and it was running till the end of the 1800's, unless folks were moving out and buying property along the canal. Perhaps they are doing it now, and we do not know it, with all the housing projects just out of town, families are certainly moving out on the outskirts in their own little homes. Of course this is all in Ulster county, its just that folks want to be on the ground floor with a little garden patch and in their own home.

House Remodeling

Alva, Okla. (AP) — An Alva, Okla., woman is working on one of the strangest house-remodeling projects to be found. Mrs. Frank Munson, who operates a large chicken hatchery business, is restoring an old 15-room plantation house near St. Francisville, La. She now is in her third year of a five-year plan for restoring the old mansion. She says the main house is believed to have been built in 1837, and she is probably the only Oklahoman to own a pre-Civil War house.

Off the Cuff

Dallas (AP)—A maid confessed to police that she started a $10,000 fire in a fashionable home to cover the theft of a suit and a $150 pair of cuff links she gave to a boy friend. The boy friend, who was wearing the trousers of the stolen suit when questioned by police, said he couldn't return the cuff links. "I gave them to another girl friend," he said.

Ruling Against Radar Won't Cut Speeder Arrests

New Canaan, Conn., July 19 (AP)—Associate Judge Louis Bucciarelli's statement that he'll dismiss the cases of speeders trapped by radar today brought sharp reaction from town court prosecutors.

Prosecutor John C. Sturges, and his assistant, Penfield C. Mead, in a joint statement declared that while they "cannot overrule the judge" they "must continue to prosecute every case wherein we honestly believe a crime has been committed."

"We shall continue to issue warrants in speeding cases where radar is used to provide the evidence," Sturges asserted.

The exchange resulted from Bucciarelli's dismissal of a speeding charge against Walter Mansfield, a New York lawyer who makes his home here. Mansfield was accused of driving 49 miles an hour in a 30-mile zone, and entered a plea of no contest, which Bucciarelli said he interpreted as a plea of "not guilty."

The court said he found Mansfield innocent of the charge because there was "no corroborating evidence" to support the radar accusation.

"We'll continue to make out warrants for speeders arrested on radar checks," said Sturges. "Radar has been in use here for two years and that has never before been a not guilty finding in cases based on this evidence."

Buccarielli met this contention with the statement that since "a machine cannot be cross examined, a defendant is entitled to the benefit of the doubt" especially in view of a not guilty plea and in the absence of corroborating evidence.

Red Paper Praises Marilyn's Marriage

Berlin, July 19 (AP)—East Germany's Communist youth newspaper praised movie actress Marilyn Monroe today for marrying playwright Arthur Miller.

The paper, Junge Welt, said she deserved a tribute because she "risked" marrying him shortly after the House Un-American Activities committee questioned him about alleged past Communist associations.

The paper also praised Miss Monroe for her interest in "classical Russian literature," which it called her favorite hobby.

The tribute, accompanied by a large picture of Miss Monroe, was ususual for the Communist press, which normally ignores American movie stars. Said Jung Welt:

"Her honest character and her artistic efforts will earn true recognition."

Local Death Record

Perry Coddington

Funeral services for Perry Coddington of Accord were held from the F. Daniel Halloran Funeral Home, 88 West Chester street, Wednesday at 2 p. m. The Rev. George I. Goodwin of Accord Methodist Church officiated and spoke consolingly to the large number of friends who were in attendance. While the body reposed at the funeral home many friends called to pay their last respects to the deceased and to offer condolence to the bereaved family. The room was filled with the many floral tributes, tokens of the esteem in which the deceased was held by his many friends. Burial was in Kyserike Cemetery where the Rev. Mr. Goodwin conducted the committal. Bearers were Francis Coddington, Vincent Lawrence, Wallace Lawrence and Warren Lawrence.

Luigi (Louis) Mancini

The funeral of Luigi (Louis) Mancini of 21 New street was held Saturday from the Henry J. Bruck Funeral Home, 27 Smith avenue, at 9:30 a. m., thence to St. Mary's Church where a solemn high Mass of requiem was offered for the repose of his soul at 10 a. m. The Rev. Edward I. Farrelly was celebrant, the Rev. Francis X. Toner, deacon, and the Rev. Edwin C. Koenig, sub-deacon. Responses to the Mass were sung by the children's choir assisted at the organ by Theodore Riccobono. While the body reposed in the funeral home many relatives and friends called. The Rt. Rev. Msgr. Martin J. Drury, PR VF, called and said the prayers for the dead. On Friday evening Father Toner called and led those assembled in the recitation of the Holy Rosary. Bearers, all nephews of Mr. Mancini, were Alfred Melillo, Frank Velotto, Philip Melillo Jr. and Anthony Velotto Jr. Burial took place Monday in Calvary Cemetery, New York, at the convenience of the family.

StationsAreAsked To Make Study Of Satellites

Washington, July 19 (AP)—Establishment of at least 10 radio and 13 telescope-equipped visual observation stations to study the earth satellite was recommended today by the committee in charge.

The suggested locations were listed by Hugh Odishaw, executive secretary of the U. S. national committee for the International Geophysical Year (IGY). His speech, made available here, was prepared for the Western Hemisphere conference of the IGY in Rio de Janeiro.

The recommended locations, Odishaw said, "are but suggestive, for it is hoped that many more stations will be established by the nations participating in the IGY."

He said additional stations in Latin America would be especially important, "because of the orbit of the satellite."

Odishaw said American rocket scientists hope to place "at least five or six" satellites in orbits around the world at different times during the 18-month cooperative scientific effort starting next July 1.

Kripplebush

Kripplebush, July 19—The annual WSCS food sale and fair will be held at Bradley's gas station Saturday beginning at 11 a. m.

The Kripplebush Sunday school picnic was held Sunday at Sportman's Park, Rosendale.

Accord, Kripplebush and Stone Ridge will combine in an outdoor church school and preaching service at Forsyth Park, Kingston on Sunday at 10 a. m. All attending will bring a basket lunch. Archie Lawrence will convey the Kripplebush Church organ to the pavilion. Visitors are invited.

WSCS members and their families will meet at the home of Mr. and Mrs. Donald Christiana Sunday, July 29, in the evening.

Mr. and Mrs. Lawrence Miller and mother, Mrs. Vivian Miller are spending their vacation at Ashland, N. C.

Mr. and Mrs. Hartley R. Tanner have returned to their home in Miami, Fla., after visiting relatives and friends in this section.

Card of Thanks

We wish to thank the employes of Callanan Co., The Callanan Road Improvement Co. and the many friends and relatives for their many kindnesses and floral tributes during the recent death of my wife and our mother, Mrs. Ruth Buley.

Britain Doubts Egypt's Ability To Pay for Dam

London, July 19 (AP)—The Foreign Office said today Britain now has some doubts about Egypt's ability to pay for its share of the $1,300,000,000 dam propect to harness the Nile river.

A SPOKESMAN. told a reporter the United States, Britain and the World Bank have to review with Egypt the financing of the giant undertaking.

The dam is a pet project of President Gamal Abdel Nasser of Egypt and symbolizes Egyptian hopes to bring light and power to that underdeveloped country. For that purpose the Cario government has sought the help of the west and has received offers of aid from the Soviet Union.

The foreign office spokesman stressed that Britain's offer to help finance the dam's construction "still stands."

HE WAS THEN asked if it was true the British government wants to discuss further financing arrangements with the Egyptians because "doubts have developed" about the Cairo governments capacity to pay its share.

He replied:

"Yes. We do have doubt."

The United States and Britain offered last December to provide 70 million dollars immediately for the dam and an eventual total of 200 million to help finance the project along with a 200 million dollar loan from the world bank. Egypt was to pay the remainder.

Idaho Dam Bill Killed by Senate

Washington, July 19 (AP)—The Senate today killed a bill to authorize a 485-million-dollar federal dam in the Snake river at Hells canyon on the Idaho Oregon border.

The vote, marking a major victory for the Eisenhower administration, climaxed a hot debate which went far to build up public-vs-private power as an election year campaign issue.

In the end, Southern Democrats joined Republicans to defeat the bill, tagged by western Democrats as a symbol of their fight against what they call "resources giveaways" by the Eisenhower administration.

Republican presented an almost-solid front against the bill. Democrats charged in debate that intensive White House pressure had been exerted on GOP members.

Ontario Woman Is Killed in Potsdam

Potsdam, N. Y., July 19 (AP)—Mrs. Vera Minraic, 38, of Lonsdale, Ont., was injured fatally today when the automobile in which she was riding crashed into a bridge here.

Injured in the accident were Roy Greene, 19, Cecil Brant, Arnold Greene, 16, all of Deseronto, Ont., and Clayton Minraic, 16, son of the woman killed.

Roy Greene and Brant were confined to Potsdam Hospital. Greene suffered chest injuries and Brant head injuries. The others were treated for cuts and bruises.

Tax Liens Filed

Pittsburgh, July 19 (AP)—Liens for $1,285,105 in unpaid income taxes were filed in Allegheny county today against John Fox, publisher of the Boston Post, and his wife, Olga. Liens for $332,691 in unpaid income taxes and $10,720 in unpaid withholding taxes were filed against the couple Saturday. David B. Roberts, Allegheny county prothonotary, said the liens were filed by Frank J. Cavanagh, district director of Internal Revenue in Boston.

Passage Is Expected

Washington, July 19 (AP)—House members took battle stations today for the last civil rights fight of its session, expecting to pass the bill after southerners exhaust their ample ammunition. House passage, which might come tomorrow, does not mean the measure will become law. The bill is given no chance of passage in the Senate, where a filibuster could kill it even if it survives committee action. Congress hopes to adjourn in little more than a week.

Australia's population was 9,313,292 at the end of 1955.

PLAN COMFORTABLE TRAVEL—A group of men, women and children in the Kingston Point Beach area are raising funds to buy this battery-powered conveyance for Samuel Frangello Jr., 197 North street, a paraplegic, who finds it difficult to get around in an older model power chair. They figure he can get over to the beach easier every day to say hello. The fund drive was started by two special policemen at the recreation spot, Anthony Alecca and Edison Ferguson. Their idea caught on. Donations will be welcome, they said.

High Falls

High Falls, July 19 — Reformed Church, the Rev. Roy P. Adelberg, pastor—Sunday school and adult Bible class at 8:30 a. m. Nursery at 9:40 and church worship service at 9:45 with sermon entitled, "Where Tolerance Ends." The book to be studied is 2 John. The CE will hold a supper meeting Tuesday at the home of Andrea Davenport beginning at 5:30 and later in the evening they will attend the Mennonite meeting in the Reformed Church at Rosendale. They will also have a splash party following the meeting.

The Ladies' Aid of the Reformed Church at their meeting last week planned a luncheon and supper for the day of the second annual flower show, Sept. 8.

14 Chicago Polio Cases

Chicago, July 19 (AP) — Fourteen new polio cases, including six in an area already plagued by the disease, were reported in Chicago today. The new cases brought to 226 the total of persons stricken with the disease in Chicago this year. Five of the victims died. During the same period last year 35 cases and two deaths were reported.

Would Continue Yugoslavia Market

New York, July 19 (AP)—James S. Killen, chief of the U. S. Overseas Mission to Yugoslavia, said today he was "deeply convinced that it is in the interest of the United States . . . to maintain a reasonable measure of economic cooperation with Yugoslavia."

Arriving here today aboard the American Export liner Constitution, Killen said he saw "nothing in the present situation to justify a change in the American policy which up to date has advanced the interests of the Western world."

Ever since President-Marshal Tito of Yugoslavia has visited Moscow, there have been moves in Congress to limit United States economic aid to Yugoslavia.

Lyonsville

Lyonsville, July 19 — Lyonsville Reformed Church, the Rev. Richard B. Coons, pastor—Worship service at 11:15 a. m. Everyone welcome.

The weekly food sales for the benefit of the church repair fund are held each Saturday from 12 to 3 p. m. on the porch of Mrs. Floyd Davis. The annual church auction and rummage sale will be held Aug. 25.

Lyonsville Community Club will meet for its regular business session Saturday. The club, a civic as well as a social organization, will hear a report of the investigating committee including Sherman Barley, Vernon Wager and Clyde Roosa. The group will report on a dump at Bone Hollow road. The investigation was motivated to present the probability of local residents using the dump maintained at High Falls by the town of Marbletown in order that the Bone Hollow dump may be closed.

Mr. and Mrs. Arthur Cummins and family are spending some time in South Carolina where they were called by the death of Mrs. Cummins' father.

Mr. and Mrs. Clyde Roosa and a party of friends spent Sunday at the Smith Cove Museum near Monroe.

Bradley Will Seek 8-Hour Pay Scale

New York, July 19 (AP)—Capt. William V. Bradley, president of the Independent International Longshoremen's Assn., toured some piers today promising his union membership he would work for a guaranteed eight hours pay in a new labor contract.

At present longshoremen are guaranteed four hours pay when they are tapped at the morning work call. They can get more if they are hired at a 1 p. m. work call.

Contract negotiations between the New York Shipping Assn. and the union begin next month.

Bradley spoke specifically to longshoremen who remained at work earlier this week instead of leaving their posts to greet him on his release from a 15-day jail term in civil jail. Bradley asked them to remain at work.

Bradley was convicted of contempt of the State Supreme Court in not observing an injunction obtained against a pier strike last autumn.

About 22 per cent of U. S. spending units (families and single people) had incomes from $5,000 to $7,500 in 1955.

WAGON WHEELS WEST—The Ernest Elfgren family of East Killingly, Conn., is shown near Hannibal, Mo., en route to Nebraska. The Elfgrens started out for California last year, but made it only to Jerseyville, Ill., when they were forced to return home for the fall opening of school. The family includes Mom and Pop and five children.

Financial and Commercial

New York, July 19 (AP)—Interest picked up in the stock market early this afternoon but the pattern remained mixed.

Gains by pivotal stocks ranged from fractions to around 2 points, while most losses among the leaders were confined to the 1-point range.

Turnover picked up after a mid-morning lull, which followed the fairly active opening. Volume was estimated at around 2,300,000 shares compared with 2,530,000 yesterday.

WOODSTOCK NEWS

By RICHARD E. THIBAUT, Jr.

50th Anniversary Set for Firemen During September

Woodstock, July 19—Plans for the 50th anniversary of Woodstock Fire Company No. 1, which will be held Sept. 8 and 9, of this year, are in their final stage with only a few minor details to be completed.

The afternoon of September 8, a parade and memorial service will be held. The parade will form on Orchard Lane and will then proceed to the Andy Lee Memorial Field where the memorial service will take place to be followed by the awarding of prizes for the floats participating in the parade. The memorial service will be under the direction of the Rev. Harvey I. Todd, chaplain of Woodstock Fire Company No. 1. Members of all faiths will take part in the service. After the parade and service refreshments will be served at the firehouse.

Woodstock Fire Company No. 1 will award $75 in prizes for floats which are entered in the parade. The first prize is $35; the second prize $25; and the third $15.

The parade will consist of two divisions each being headed by a musical unit to provide music for marching. The parade will consist of the town's three fire companies, various organizations of the town and floats. The parade marshal will be Chief George Haythorn and honorary parade marshal will be Supervisor Joseph Fitzsimmons. The fire company is hoping to make this one of the best parades held in Woodstock.

The company is inviting all organizations of the town to help celebrate their 50th anniversary and sincerely hope that they will join the line of march and will enter floats in the parade.

On Sept. 9 a picnic will be held at the Asbury Picnic Grove for the firemen and their families.

Chester E. Wolven is serving as chairman of the 50th anniversary committee.

New Service Added To Local Library

Woodstock, July 19—A valuable addition to the current events reference section of the Woodstock Library has been acquired through a contribution of "Facts on File," the service used in leading libraries and editorial rooms throughout the world for instant reference to past news events, it was announced today by Mrs. Lynn Wells, librarian.

"Facts on File" was presented to the Woodstock Library by its publisher, Edward Van Westerborg, who as a resident of Bearsville, is a patron of the library. The service complete from the start of 1956 was added to the Woodstock Library this week and will be maintained there as a constantly up-to-date file on all principal news developments, both in the United States and abroad.

Mrs. Wells pointed out that persons seeking to trace news will find "Facts on File" equivalent in many ways to a complete, thoroughly indexed file of all the major daily newspapers published in the United States. The service consists of a skillful, unbiased weekly condensation of the vital facts of news reported by the press throughout the country, plus a cumulative index issued semi-monthly and consolidated monthly, quarterly and annually. The estimated 100,000 events recorded during a year range all categories of news — national and foreign affairs, business, arts letters, science, education, religion, sports and other amusements, "human interest" news and personal experiences of notable people. Its index is designed to pinpoint any lost news item in as little time as it takes to find a number in the telephone book. Thus the provisions of a bill in Congress, an exact quotation from a statesman, or the plot-line of a book or movie can be brought to light on a moment's notice.

Established in 1940 and published in New York, "Facts on File" has won universal praise from librarians, writers, commentators and other researchers as a marvel of objective news condensation and indexing. Mrs. Wells urged persons in the Woodstock area to acquaint themselves with this new facility in the Woodstock Library.

Garden Club Holds Interesting Session

Woodstock, July 19 — Many members and their guests attended the fourth meeting of the season of the Woodstock Garden Club Thursday afternoon in the basement of the Dutch Reformed Church. Miss Florence Hubber, president, was in charge of the meeting. Mrs. Edward Marquardt, secretary, submitted an interesting report of the club's activities. Treasurer, Mrs. date accountshr shr shrd shrdlu Frederick Platt read an up to date account. During the meeting club business and plans for the future were discussed.

The high point of the afternoon was the showing of colored slides of flowers and shrubs by Henry Bertsch of Bearsville, who made and showed the slides, and also grew many of the fine specimens. His descriptive talk accompanied the slides and there were many comments concerning his unusual pictures.

Refreshments were served by the hostesses Mrs. Platt and Mrs. William Miller. Guests included Mrs. Douglas Hancock, Mrs. J. Cosgrove, Mrs. Hermine Murray, B. S. Gardner, Miss Jane Callahan and Blanche Keefe.

The next meeting of the Garden Club promises to be constructive as well as interesting. The subject "Flower Arrangement Workshop" will be discussed by Miss Florence Hubbard who will also direct the project. Members are reminded to bring the necessary equipment for their work, such as flowers and containers, flower holders, newspapers, etc. They are asked to pick the flowers the night before and give them a long drink, thereby making them easier to arrange. The meeting will be on Thursday, Aug. 2, in the basement of the Dutch Reformed Church.

Exhibition Opens

Woodstock, July 19—An exhibition reflecting the lighter moods of summer opened Sunday at Polari Gallery, Parnassus Square.. Among the groups of paintings are Dorothy Varian's pool players and street corner scene, John McClellan's "Lorca"; a seascape by Frances Stein, S. Barbash's delicate and decorative woodcuts "Mountains in Summer," "Mountains in Fall," and others; and Marc Portman's arresting head carved of wood. Also seen with interest are Georgina Klitgaard's church in winter and a floral still life by William J. Eisner.

The next exhibition at the Polari Gallery will be a one-man show of paintings and drawings by John McClellan.

Folk Music Concert Is Well Received

Woodstock, July 19—An audience of more than 200 persons attended the concert of folk music at the Polari Gallery, Parnassus Square, Saturday night, presented by Robert and Louise De Cormier. The De Cormiers who performed at Parnassus Square last summer, were given an enthusiastic welcome and their American, Israeli and other folk songs were well applauded. The artists have also been heard at Vassar College, the Museum of Modern Art, New York city, Brandeis University, during the International Weekend at Bard College, MacMillan Theatre of Columbia University. They will continue on a concert tour of Canada during part of this summer.

Their recordings include "Folksongs of the Catskills."

Turnau Players Give Excellent Performance

Woodstock, July 19—"Cosi fan tutte," the intial presentation of the Tunau Opera Players at the Byrdcliff Theatre, was an excellent performance, a challenge and a demand for the level of the performance to follow. "In a Garden" and "I Pagliacci" were presented Friday, July 13.

Kupfermann's music for "In a Garden" was a good performance.

It is regrettable that "Pagliacci" cannot stand the elimination of the entire chorus, especially in the second act on which it forms the essential counterpart of the drama. Jean Deis as Canio has a powerful voice, with excellent tops. If he gains more "Appogio" in the middle range, he could go far. William Wendell did much better with Silvio, than with the prologue and Robert Shuster is a real showman and completely convincing. Miss Chrisman's high notes are brilliant, and find automatically proper support. Michael Charry's musical direction was faultless; he is also a fine pianist. Barbara Owen, stage director, and Sally Turnau, designer, contributed considerably to the success of the evening.

Antique Show Set For Early August

Woodstock, July 19—Plans for the annual Woodstock Antiques Show are again well underway and indications are that another interesting and unusual event is in store from Aug. 2 to 5, inclusive. Louise Bolton and Winifred Haile, managers and founders of the exhibition, will again hold the show in The Red Barn, which will be open from 1 to 10 p. m. and closing Sunday at 6 p. m.

About 25 exhibitors from the Hudson Valley area and surrounding territory will set up their display booths showing early American and Victorian Antiques, old glassware, silver, buttons, lamps, dolls, brass and copper ware and bric a brac. All exhibits will be for sale. Refreshments and cold drinks will be served in the shady and comfortable horse shed.

This annual show has established a nation-wide reputation and recently was given a full page feature article in a national antiques magazine as well as being featured in The Ford Times with a full color reproduction of a painting of The Red Barn which is a typical example of the colorful buildings found scattered about the Catskill Mountain landscape.

The show draws hundreds of visitors from almost every state in the country and the management is doing all possible to make this another gala occasion for those who attend whether to buy, browse or just to chat and visit with old friends and neighbors. To be able to see and enjoy the collections and exhibitions of so many dealers in antiques from so wide an area in these unique and pleasant surroundings is a rare treat for lovers of antiques and things old and beautiful.

The following collectors and dealers will be represented in the show: The Golden Yoke, E. F. Van Horne, Sidney; Mrs. Harry Stevens, Middleburgh; Nellie Elmendorf, Kingston; John Wicks, Newburgh; Delta Boice Fromer, Kingston; The What Not Shop, Betty M. Hotaling, Delmar; Four Winds Antiques, Hellen Lippert, New Hampton; The Red Barn Antiques, Woodstock; Cubby Hole Antique Shop, Myra Tinklepaugh, Cobleskill; Jean Fleischer, Albany; Tow Path House, Elsy Stromp, High Falls; Donald W. Winners Listed For Sunday Show

Woodstock, July 19 — The Woodstock Motor Club, Inc., held its second annual Concours and Car Capers, Sunday, July 15, on the Woodstock-Saugerties Road. Seven classes were included in the Concours—antique vintage, classic, custom, imported touring, domestic touring and sports cars. The entire event was under the chairmanship of Don Rothrock, and the subchairman for the Concours was Francis Gardner and for the Concours was Phil Halzell.

Winners in the various classes in the Concours were: Custom Cars—Dick Cooney, Ford, of Kingston, and a member of the Igniters, first; Frank Minervini of Woodstock, custom built Ford pickup, second; Fred Wheeler, Super-sport Crosely, third; Sports Cars—Bob Phillips, Quarryville, a Jaguar, first; Al Witter, MG-A, second; Keefe Witter, MG, third; Classics — Joe Forno, 1941 Packard Darrin, first; Harry Denhard, 1935 Auburn Speedster, second; Vintage—Gus Lovy, 1924 Model T Touring Car, first; Ed Gardner, 1927 Model T Sedan, second; Joe Forno, 1923, Model T Pickup, third; Domestic Touring — Jim Smith, 1956 Mercury, first; A. Valentine, 1956 Dodge, second; Joe Forno, 1955 Ford Thunderbird, third; Imported Touring—Richard Bell, 1952 Ferrari, first; Sam Hasband, 1955 Sunbeam Talbot, second; W. Darling, 1955 Volkswagon, third; Antique—William Merritt, 1903 Cadillac. The overall Concours winner was Bob Phillips, a member of the Empire Motor Club.

In the Car Capers winners were: Overall Class—Car 12 with Don Crandall driving and Doug Goff, navigator, first; Car 43 with Audry Arnold and Roy Butz navigator, second; Car 33, Bill Swayne driving and Judy Anably navigator, third. In the sports cars the above winners won in the same order. In the touring car class winners were: No. 40 with Wanda Darling driving, first; No. 41, with Seymour Phillipson driving, second; Car No. 25, Albert Valentine, third. Winners in the Custom Class were: Car No. 15 with Doug Franckling, first; Dick Cooney, second; Fred Wheeler, third. In the Vintage Class winners were: No. 21 with Howard Humphries and Ronnie Dordick, first; No. 42 with Fred Wright and Jim Cousins, second; No. 36, with Richard Frodsham and Dominick Vos, third.

The event was attended by about 800 people and fine weather contributed to the success of the day. Assisting Donald Rothrock on the committee were: Francis Gardner, Edward Gardner, Jerry Gardner, John Sauer, Jim Smith, Gus Lovy, Ernst Hoehn, Max Hoffman, Al Chant, Carrol Simpson, Robert L. Smith, Marion Pachner, Ann Franckling, Dave Franckling, Gordon Van De Bogart, John Ford, Ann Gardner and Howard Humphries. In charge of the refreshment booth were: Mrs. Ann Franckling, Mrs. Ann Gardner, Mrs. Donald Rothrock, Donald Rothrock, Jr., Mrs. Daisy Smith and Jackie Thibaut. The public address system was ably manned by Peter Pike, Marion Gardner and Gordon Van De Bogart were at the gate, Ed Gardner did the policing of the area, and Trooper J. H. Ellsworth of Phoenicia Barracks also was in charge of traffic.

Mother Appeals To Kidnaper for Some Word on Son

Westbury, N. Y., July 19 (AP) —Mrs. Beatrice Weinberger has appealed to the kidnaper of her six-week-old son for "some positive proof to assure us that our baby is alive and you have him."

THE CHILD, Peter Weinberger, was kidnaped two weeks ago while sleeping in a carriage outside his parents' home here. No trace of him has been found.

In a statement distributed to newsmen last night the distraught mother said "money is nothing compared to the love we have for Peter."

"Please contact us in any way you choose, but make it soon," the statement read. "Fourteen days have passed and we are worried. Give us some positive proof to assure us that our baby is alive and you have him. We will follow any instructions you give us.

"I HAVE EVERY assurance and can promise that the police and FBI will not interfere with any matter you arrange with us."

Earlier yesterday, a grand jury in Brooklyn indicted two men accused of trying to extort a $5,000 ransom from the Weinbergers.

The men, Gordon T. Rowell, 24, and Robert F. Giebler, 26, both of Queens were held without bail after they pleaded innocent to charges of attempted extortion and providing false information about kidnaping. If convicted, they would face a maximum sentence of 25 years.

Search for Two

Forestport, N. Y., July 19 (AP) —Separate searches were launched last night for Edward Booth, 75, of Utica, and Charles Mitchell, 14, of Clinton, after both were reported missing in the Adirondack foothills. State police here said the boy had gone into the woods yesterday morning from a camp near Hinckley, about 20 miles north of Utica. They reported Booth was last seen yesterday afternoon on the grounds of the Masonic Home camp at Round Lake, at the northern border of Oneida county and about 60 miles from the area being searched for Mitchell. Booth lives at the Masonic Home in Utica. The boy's home is near that city.

From an estimated 17,100,000 in 1936 the number of musical instruments owned by Americans has grown to 28,600,000.

SKID ROW—The tell-tale skid marks and a battered barrier give mute testimony to the bad road habits of too many drivers. Ignored warnings leading to the barrier, marking the temporary end of the Fall River (Mass.) Expressway, include a flashing red signal light, a reflectorized sign 1,500 feet in front of the barrier, and six flashing red lights and reflectors on the barricade itself. The longest skid mark, measuring 250 feet, indicated that the driver was going 60 miles per hour or better as he approached the detour.

B26 Does Not Measure Up to Guard's Fliers

Syracuse, N. Y., July 19 (AP)—Maj. Gen. Winston P. Wilson, chief of the air division of the National Guard Bureau, says the B26 bomber does not measure up to the Guardsmen who fly it.

He said the Guard would prefer later-model planes "but we can do nothing about that at present."

Wilson spoke from Washington in a telephone interview.

He said he was unaware of reports that three of four B-26s on a training mission in New York state last week had developed engine trouble and that bomb-release mechanisms in two of the four had been faulty.

The four planes were from Virginia's 149th Bombardment Squadron, now in summer training at nearby Hancock Air Force Base.

The Virginia group plus 1,500 New York Air National Guardsmen form the 106th Bomb Group, which conducted the training mission.

A spokesman for the Virginia unit said the air force no longer stocked spare parts for the B-26 bomber.

Florida Youth Well After Eye Removal

Orlando, Fla., July 19 (AP)—Mike Sibole is reported "doing very well" after the operation that traded his sight for a chance to live.

Doctors said in a brief bulletin last night that the 4-year-old lad was "resting nicely, sleeping, doing very well."

Mike may go home from the hospital tomorrow or Saturday. He will wear a flesh colored patch to cover his left eye socket.

The eye was removed yesterday because of cancer that two years ago destroyed his other eye and spread despite long, intensive treatment.

Whether Mike successfully traded sight for long life will be known in a few years. The surgeon who performed the operation said he has a 50-50 chance of growing to manhood.

Reifler Named Director of Bank In Poughkeepsie

Nathan L. Reifler, 161 Academy street, Poughkeepsie, president of Electra Supply Co. Inc., was appointed a member of the board of directors at the First National Bank of Poughkeepsie. He succeeds William R. Biggs, a vice president of the Bank of New York, who resigned.

Mr. Reifler's wife, the former Martha Gold, is the daughter of Mr. and Mrs. Samuel Gold of 76 Lounsbery place in Kingston.

Mr. Reifler also heads Ennar Inc., a development corporation and is manager of Reifler Warehouses.

Active in civic programs, he is a member of the Rotary Club and Tassar Temple. He has also served as director of the Family Welfare Association.

Mr. and Mrs. Reifler have two children, Samuel, 17, and Cynthia, 13.

Mrs. Reifler is a member of the board of education in Poughkeepsie.

Wildings to Separate

Hollywood, July 19 (AP)—After four-and-a-half years of marriage and two children, actress Elizabeth Taylor and Michael Wilding have decided to separate. The couple plans a legal separation but no divorce at this time, her studio announced last night. The announcement surprised no one. Hollywood has been buzzing with rumors for a year that there was trouble between the beauteous 24-year-old star and Wilding, 20 years her senior. The rumors were always denied by the pair.

DYNAMITE DAME—Explosive is the word for Italy's bang-up beauty, screen star Sophia Loren. She's sitting pretty on a movie prop near Madrid, Spain, where "The Pride and the Passion" is being filmed.

Pays Taxes at 100

Fair Haven, N. Y., July 18 (AP) —One-hundred-year-old Philip Rifenbury of Sayre, Pa., has opened the season at his summer home with a customary activity—payment of the taxes on the summer property. He visited the tax collector yesterday after his arrival in this Cayuga county resort.

Tomato Spraying Must Be Done Right for Effect

Geneva, N. Y.—A false sense of efficiency leads to unsatisfactory control of tomato diseases, declares Doctor W. T. Schroeder, plant disease specialist at the Experiment Station in Geneva.

"Too often speed of operation and low cost are achieved at the expense of good coverage and retention of spray materials, so that what appears to be quick and cheap is actually expensive in net returns for lack of suitable control," he warns.

"A tomato spray program will be worth what it costs in material and labor only when the job is done right," continues the Station scientist. Fungicides are no cure-all. "At their best they seldom give absolute disease control."

It is most important to know what disease the spray program is aimed at, he states. Early and late blight and anthracnose, constant threats to tomatoes in this state, can be controlled by spraying. Mosaic diseases, blossom-end rot, bacterial canker, Verticillium wilt, and some other maladies of tomatoes cannot be controlled by fungicides, he explains.

Good cultural practices must be followed for a spray program to be effective as they do much to reduce sources of infection and thus delay the intensity of disease attack. It is also most important to select the right fungicide and to make certain that all parts of the plant are covered with the spray.

"It is equally important to make certain that the plant remains covered by increasing the number of applications, if necessary," adds Doctor Schroeder.

Information on tomato sprays and their timing can be obtained from local county agricultural agents or by writing to the Experiment Station.

Promises Strong Paper

Boston, July 19 (AP)—In the face of a maze of legal and financial maneuvers, Publisher John Fox vows that "no matter what happens, the Boston Post will be one of the strongest newspapers in Boston." The latest in the legal battle involving The Post and Publisher Fox was a temporary injunction issued yesterday in Federal Court against sale of the Post Publishing Co. property. Judge George C. Sweeney also forbade the Second Bank-State Street Trust Co. from delivering any corporate shares of the Post Publishing Co. to Fox pending further orders of the court.

There' No Hiding Place

Charlotte, N. C. (AP)—Other motorists made a metal punching bag out of the automobile owned by Claude William Wiley, 56. Wiley told police his car was hit in the rear and on one side as he allegedly made a U-turn on a busy street here. He then parked the damaged auto to wait for a wrecker. It came, though not the way he'd ordered it. Another car ran into his parked vehicle and left it a total loss.

Stone House Day Set for Saturday In Hurley Village

Hurley will hold open house again on Saturday and owners of several old stone houses, in the historic village of Hurley will open their homes to the public. The tour is sponsored annually by the Dutch Reformed Church of Hurley.

Visitors to his village will find it interesting. Most of these homes are pre-revolutionary. Many have remained almost the same throughout the years, while others have been skillfully and attractively resorted and adapted to modern living.

Points of interest are the "The Spy" or "Guard House," built in 1745. This house was used by the Continental Army. David Taylor, a British spy, was confined here and later hanged on a nearby tree. Also open will be the home of Mrs. Lyman T. Schoonmaker where the famous Negro slave, So-Journer Truth, was born. The remaining houses all have equally interesting features.

Tickets will be available the day of the tour at the church. The annual bazaar will be held on the grounds and refreshments will be served in the church.

(Author of Etiquette, Children Are People etc.)

HE DIDN'T WRITE THANKS

A girl writes: "A man I know spent a week end at my married brother's house. My sister-in-law had let me ask him so that my visit would be more pleasant. She and my brother went all out to entertain us. I feel that the least my friend can do is write her a note, which I happen to know he hasn't done. Is there a way I could remind him to write her, because his thoughtlessness certainly puts me in a bad light?

He should have written, but since he hasn't you can certainly write and tell them how much he enjoyed their hospitality.

Demi-Tasse

Dear Mrs. Post: Is demi-tasse ever served at the table in the dining room, or is it always served in the living room? Should cream and sugar be served with it, or is it always served black? There has been some discussion also as to whether it is proper to eat block ice cream with a fork or a spoon.

Answer: Demi-tasse is served more often at the table than in the living room. Either is correct, whichever the hostess chooses. Sugar is always served; cream is seldom served, but it is not incorrect to serve it if the hostess wishes. Either a spoon or fork is correct; or you can use both and let them choose whichever one they like.

Visiting Child

Dear Mrs. Post: When an acquaintance comes to visit and brings her young child with her, may the hostess, when she sees the child going for her best ornaments, ask her please not to touch them when the mother sits by and says nothing, or does politeness demand that she stay silent and hope that nothing gets broken?

Answer: It is entirely right for her to say something in a nice polite voice.

* * *

When should a gentleman offer his arm to the lady with him? This and many other questions on manners in public are answered by Mrs. Post in leaflet E-15, "Manners in Public." Mrs. Post is sorry she cannot answer personal mail. To obtain a copy, send 10 cents in coin to Dept. EP, care of The Kingston Daily Freeman, P. O. Box 99, Station G. New York 19, N. Y.

Parent Night Will Highlight JCC Camp First Month

The 109 children who have attended the first month at the Camp Jay Cee will be hosts to their parents at the Ulster Park campsite Wednesday afternoon and evening, July 25. Due to the exceptionally fine reception accorded the camp by the Kingston Community, the capacity of the camp has been expanded twice in order to reach the current enrollment.

A STAFF of 16 counselors have been engaged to conduct the all day camp program at the campsite and the Svirsky Hotel grounds. Mrs. William Zwick and Herbert Kletske, co-chairmen of the Day Camp Committee, have enrolled the children for periods of two weeks to a full eight-week season. The camp directorship has been filled by Julian Lohre, Cantor and educational director of Temple Emanuel. William Biel is senior unit head, Leon Halpern the swimming coordinator and the following are group counselors, Elaine Schwartz, Margaret Hoffay, Belle Campbell, Faye Kessler, Paula Volstein, Barbara Schwartzberg, Madeline Barnovitz, Mark Dean, Ira Dubin and Jerry Farber. Assistant counselors this year are David Rudisch, Paula Abelove and Judy Cohen.

THE FIRST MONTH of camp has been featuring a sports and swimming course with an international theme. The children have been learning the games and sports of various countries which have been tied in through arts and crafts and dramatics to the "United Nations of the World" theme. Parent Night on July 25 will feature demonstrations of campcraft and a family picnic supper. Center director Sol Silverman has arranged for the family site committee and Day Camp to combine efforts in this family undertaking. A song fest and campfire will round out the evening's entertainment. In the event of rain, the program will be held indoors.

The camp's philosophy of individualized attention to the individual child through a well supervised group experience has brought about excellent results in camper achievements. The first awards for effort were given to 10 campers at the Friday afternoon Sabbath eve program July 13. Additional awards will be made during the season for unusual skills, advancement and sportsmanship.

MR. AND MRS. RAYMOND J. MORRIS JR
(Fautz photo)

Bernadette Lawler Is Recent Bride Of Raymond Morris

St. Joseph's Church in New Paltz was the scene of the wedding between Miss Bernadette E. Lawler, daughter of Mr. and Mrs. James Lawler of New Paltz and Raymond J. Morris Jr., son of Mr. and Mrs. Raymond J. Morris of New Paltz at 11 a. m., Saturday, July 14. The Rev. Joseph Blake officiated.

White gladioli decorated the church.

The bride was given in marriage by her father.

Miss Lawler wore a white lace and nylon tulle gown fashioned with a chapel length train, scoop neckline and long tapered sleeves. She carried an arrangement of white orchids, blue and white cascading carnations on a prayer book. A sequined cap held a fingertip veil.

Margaret E. Lawler of New Paltz was the maid of honor. She wore a yellow nylon gown with nylon tulle hemline and carried a basket of yellow, white and blue daisies. She also wore a yellow hat fashioned in the form of a crown and a flirtation veil.

Mrs. Paul Moran of Modena and Miss Jeanine Edge of Kingston were the bridesmaids. Their gowns were identical to that of the honor attendant except in blue.

Mother of the bride wore a blue lace dress with a light pink orchid corsage.

Mother of the bridegroom wore a gray lace over pink dress and a pink orchid corsage.

Edward Joseph Morris of New Paltz was the best man while serving as ushers were Paul Moran of Modena and James Smith of Port Ewen.

Following the ceremony, a reception was held at Ireland Corners Hotel, Ireland Corners.

Both the bride and bridegroom are graduates of New Paltz High School and are employed by IBM.

For her wedding trip to Canada, Miss Lawler chose a blue shantung dress trimmed with white lace, a white hat and white orchid corsage.

When Mr. and Mrs. Morris return, they will reside in New Paltz.

Marguerite Schaffer Is Engaged to Wed

MARGUERITE SCHAFFER

The engagement of Miss Marguerite G. Schaffer, daughter of Mrs. [illegible] Schaffer, 192 Hurley avenue, and the late Frank [illegible] to Robert A. Murray, son of Mr. and Mrs. Robert A. Murray Sr., of Far Rockaway, has been announced.

Miss Schaffer is a graduate of Kingston High School and is employed by IBM in Kingston.

Her fiance, who graduated from LaSalle Academy, New York, attended Notre Dame University and served in the U. S. Air Force. He is now employed by IBM as a field engineer.

A fall wedding is planned.

MR. AND MRS. RONALD MERICLE
(Firestone photo)

Van Kleek-Mericle Wedding Is Held

daughter of Mr. and Mrs. Burton Van Kleek of Sunset Ridge, New Paltz, became the bride of Ronald George Mericle, son of Mr. and Mrs. George Mericle of Rifton, Saturday, July 14, at the Church of the Comforter, Wynkoop Place. The Rev. Forrest R. Prindle officiated.

The bride is a graduate of Kingston High School and is employed by IBM in Poughkeepsie. The bridegroom is a graduate of Kingston High School and is employed by IBM in Kingston.

Miss Van Kleek wore a gown of imported embroidered organdy with a Sabrina neckline, short shirred sleeves and mitts. The full tiered skirt ended in a chapel sweep and the bride carried an old fashioned bouquet.

Maid of honor for the bride was her sister, Miss Patricia Van Kleek. She wore a mint green ballerina length gown of embroidered organdy over mint colored taffeta.

Bridesmaids were Mrs. Ellen Gehrer, Mrs. Margaret Speer and Misses Pat Huber and Barbara Van Kleek. Their gowns were the same as the maid of honor and they carried bouquets of varied colored carnations.

Best man for the bridegroom was Donald Van Kleek, brother of the bride.

Ushers were James Smith, cousin of the bridegroom; Kenneth Hotaling, Robert Gehrer, Alfred Stricker and Gunther Winkler.

After the ceremony a dinner and reception was held at McConnell's Restaurant in Kingston.

When the couple return from a wedding trip to Canada, they will reside in New Paltz.

Third Twins Born

Abington, Pa., July 19 (AP)—Mrs. Rachel Roberts, 27, of nearby Roslyn, gave birth to her third consecutive set of twins last night at Abington Hospital. She gave birth to a seven pound, 12 ounce boy and three minutes later followed with a seven pound, one ounce boy. The other sets of twins were born at the same hospital. The mother and babies are reported doing fine. Mrs. Roberts, wife of Edmund Roberts, a brush salesman, had her first set, twin girls, June 6, 1950, and the second pair, a boy and a girl, Jan. 22, 1955.

May Subpoenae Wehle

Albany, N. Y., July 19 (AP)—The chairman of the legislature's powerful "watchdog" committee said today he believed Louis A. Wehle would be subpoenaed if he turned down an invitation to testify before the committee. "There wouldn't be any question in my mind that Mr. Wehle will have to testify before the committee," said Assemblyman William A. Toran, Tuckahoe Republican. The chairman added that he had not discussed the matter with the full committee. Wehle, former state conservation commissioner, said in Rochester last Friday that he would consult his doctors and advisers before deciding whether to testify.

McHugh Returns Home

Supervisor Jesse McHugh of Wallkill, who has been a patient at University Hospital, New York city, has returned to his home and today was reported as being much improved.

Wheat Farmers With Over 15 Acres May Vote

Farmers who will harvest more than 15 acres of wheat as grain in 1957 are eligible to cast ballots in the wheat quota referendum Friday at the Ulster County Agricultural Stabilization and Conservation Committee, 54 John street.

Farmers may vote between 9 a. m. and 9 p. m.

A two-thirds vote will mean that marketing quotas and penalties on excess wheat will be in effect for the 1957 wheat crop. Under quotas, too, price support to growers who comply with their wheat acreage allotments will be at the full level available—between 75 and 90 per cent of parity.

If more than one-third of the growers voting disapprove quotas, the quotas will not be in effect and the available price support on the 1957 wheat crop to those who comply with farm wheat acreage allotments will be a level of 50 per cent of parity.

Chairman John S. Geary of the ASC office emphasized that the vote is on what marketing quotas and not wheat allotments.

Treasury Receipts

Washington, July 19 (AP)—The cash position of the Treasury July 16: Balance, $4,788,271,908; deposits fiscal year July 1, $1,914,707,740.42; withdrawals fiscal year, $3,336,506,029.46; total debt, (x) $272,750,813,649.32; gold assets, $21,827,678,754.73; (x) includes $462,199,750.55 debt not subject to statutory limit.

TalmudTorahInc. Combines Efforts Of Jewish Groups

Talmud Torah of Kingston, Inc., a newly formed group consisting of some of the membership of Congregation Agudas Achim and Ahavath Israel was organized at a recent meeting held in the vestry hall of Ahavath Israel.

Herman Eaton was elected chairman of the board of directors of the new group at the organizational meeting held this week.

ALSO NAMED were Ephraim Propp, vice-chairman; Mrs. Harry Fertel, secretary; Mrs. Aaron Adin, treasurer; Raphael Klein, dean and Larry Jacobs, assistant dean.

According to the announcement the board said the group had organized "because the membership bodies of both congregations wished to unify and coordinate their efforts, finances, teaching facilities, teaching paraphernalia and advancement of the Hebrew education of the children of the memberships in order that their children shall receive a broader, fuller and more satisfactory appreciation and understanding of their rich heritage of Hebrew culture, history, morals and of the Jewish religion."

Weekly meetings were set for Tuesdays at 8:30 p. m. to be held at the Jewish Community Center.

Woman, 90, Fire Victim

Gloversville, N. Y., July 19 (AP)—Despite attempts of her sister, 84, to save her, a 90-year-old woman was burned fatally yesterday when her clothing caught fire while she was tending a wood stove in her kitchen. Authorities said Miss Alda Ferguson was lying on the floor, her dress burned to the hem, when her screams attracted the attention of Miss Jenny Ferguson, who was in the living room. Miss Jenny extinguished the fire with a pail of water and then hurried a half mile from their home in nearby Mayfield to a gas station to summon help. Her sister died last night in a hospital here.

Can't Keep 'Em

Richmond, Va. (AP)—The ordinary garden variety of ash trays supplied members of the Virginia Legislature were replaced this year by fancy ones—decorated with donkeys for Democrats and with elephants for Republicans. Only trouble is they have begun disappearing. One member of the House of Delegates has suggested they be locked up when the house isn't in session.

U. S. Returning Far East Office To Hawaii Base

Washington, July 19 (AP)—The top U. S. Military headquarters in the Far East has been ordered moved from Japan to Hawaii, where it was before Pearl Harbor.

In a companion action late yesterday, the Defense Department announced it was shifting from Army to the Navy the top command of all U. S. land, sea and air forces in the vast Pacific-Asiatic area. This, too, was the way it was before World War 2.

Adm. Felix Stump, now Navy Commander in Chief in the Pacific, was designated to assume over-all leadership of American military forces in that theater when the changes become effective next July 1.

Gen. Lyman L. Lemnitzer currently is U. S. Far East commander and head of United Nations military forces. His headquarters are in Tokyo.

It was emphasized no major shifts of American fighting units are planned. Remaining in Japan will be a headquarters for U. S. forces that will continue on duty there. But the U. N. military command is to be moved to South Korea.

Need Math Teachers

East Lansing, Mich. (AP)—College-trained mathematicians are increasingly in demand, but short on supply, a Michigan State University mathematician reports. Dr. J. S. Frame, chairman of a national employment registration committee sponsored by three mathematical societies, offers four reasons for the shortage: The inherent difficulty of mathematics; the need for better guidance in high schools, as to job opportunities; an apparent de-emphasis of mathematics in many high schools; and a shortage of well-qualified high school math teachers.

At one time, pepper was so expensive it replaced money in business transactions.

Named to Grid Post

Buffalo, N. Y., July 19 (AP)—The University of Buffalo announced today the appointment of Frederick H. Dunlap, former Colgate backfield star, as assistant varsity football coach. Dunlap, 28, of Carbondale, Pa., was freshman end coach at Colgate last season while studying there. In 1953 he was end coach of the service team at Fort Sill, Okla., where he was stationed. He has also coached the Hudson (N.Y.) High School team.

Miss America to Wed

Grand Island, Neb., July 19 (AP)—Sharon Kay Ritchie, 19, the reigning Miss America, will be married this fall to singer-golfer Don Cherry, her parents, Mr. and Mrs. Forrest Ritchie, announced today. The Ritchies did not say when the wedding would be held. Miss Ritchie, a graduate of Grand Island High School, represented Colorado in last year's Miss America contest. She was a sophomore at Colorado's women's college at the time.

Ziegler Renamed Saugerties School Board President

William Ziegler, cashier and vice president of Saugerties National Bank and Trust Company, was reelected president of the Saugerties Board of Education at the organizational meeting at the Main street school building Wednesday night.

Also reelected were Mrs. John W. Davis, treasurer; Mrs. Margaret Marburger, clerk; Dr. Grant D. Morse, superintendent of the Saugerties Central School system and John F. Carnright, tax collector.

Dr. Richard Wenger was designated as medical inspector.

It was announced that committee appointments would be made at the next meeting.

New bids for transportation of pupils for the new term were opened. The bids at a previous meeting were rejected by the board on advice of counsel as many of them were submitted on groups of routes rather than on individual routes.

Bus companies submitting bids were Mountain View Coach Company of Coxsackie; Ray Garrison of Quarryville; Crotty Bros., of Veteran; Fred Ohl and Leon McGuinnes of Woodstock; Albert Ricketson of Saugerties and Lipton Bee Line of Kingston. Action on the bids was held in abeyance until the next meeting.

YMCA SWIMMING CLASS — Swimming classes for 100 boys are going on daily at the local YMCA under the supervision of Frank Rebollo, youth director. Mr. Robello, right, and assistant Jack Millard are shown instructing a group. Because of its popularity, classes have been broken up into five groups. Boys begin in Class A and as they steadily improve are moved to a higher class. (Freeman photo).

Out in Time

Union, S. C. (AP)—One minute John Brady was driving his new auto near here and the next he was sitting on the highway watching the vehicle crash into a railroad bank. Officers said Brady was thrown through the windshield after losing control of the car. He suffered only slight bruises but was stripped of most of his clothing.

The streets of Baltimore were lighted by gas as early as 1816.

Rebels Slay 10 During Attack

Algiers, Algeria, July 19 (AP)—Arab rebels killed 10 French soldiers and wounded six today in an attack on the railway town of Ste. Barbe Du Tlelat, about 20 miles south of Oran. The French said they, in turn, inflicted severe losses on the raiders.

The attack was one of a continuing series of incidents marking Algerian Nationalists' campaign for independence.

Another French unit fell into a rebel ambush south of Cherchel, 70 miles west of Algiers, and suffered several wounded. Reports from the scene said this engagement was continuing.

About 60 miles east of Algiers, a rebel commando unit slit the throat of a local French cafe owner at Dellyszly and wounded his wife with gunfire.

In the town of Setif in the Constantine Department, a rebel grenade thrown at a crowded bar injured several persons.

One Bottle

Chillicothe, Mo., (AP)—Harvey Dean Campbell, 38, testified in Livingston County Magistrate's Court that strong wind and mechanical difficulties caused his automobile to waver along the highway. After all, he said he'd only drunk one bottle. "Bottle of what ?" presecuting attorney J. P. Morgan asked. "Gin," said Campbell. He paid a fine.

BOY MAY LOSE SIGHT—George Gilkin, Jr., 10, lies in Philadelphia hospital bed July 18 with his father at his side. The boy may lose sight of both eyes. The police say George and a playmate were burned when two other boys, said to admit the act, threw lye found in a bottle on a city lot. George's playmate suffered burns on both legs. George's mother was burned on her hands when she carried the boy to the hospital. The boys who threw the bottle are in custody of juvenile authorities. (AP Wirephoto)

NEWCOMER—Latest addition to the reptile collections of the Smithsonian Institute in Washington, D.C., is a three-horned East African chameleon. The chameleon, which grows to a length of better than 12 inches, has sometimes been described as a replica, in miniature, of an ancient monster, the dinosaur Triceratops, which has been extinct for about 75 million years. The two, of course, are in no direct way related. Sally Budlong, a clerk in the Natural History Museum, holds a pickled specimen of the chameleon aloft. The Zoo has also some live ones in its collection.

Nine Are Hurt As Blast Rocks Trooper Station

Clarkson, N. Y., July 19 (AP)—Nine men, including four state troopers, were injured today when a gas line exploded just outside the state police substation in this Monroe county community 215 miles west of Rochester. The building reportedly was wrecked.

Names of the injured men and the extent of their injuries were not available immediately, but all were taken to nearby Brockport Hospital.

State police reported the explosion apparently occured when the gas line was cut accidently during a construction job.

The other five injured men reportedly were working on the project.

COURT INSPECTS MARSHES—Newsmen (foreground) watch as S.Sgt. Matthew C. McKeon and defense attorney, Emile Zola Berman, take members of courtmartial on tour of marsh training area at Parris Island, S. C., July 18. Sgt. McKeon is charged with involuntary manslaughter and recruit oppression as result of death of six Marine recruits on a forced night march he led last April in this area. (AP Wirephoto)

McKeon Lawyer

ident caused newsmen to be barred from accompanying the court to the creek yesterday. Since the court legally was in session, Col. Edward L. Hutchinson of Woodbury, N. J., ruled that no pictures could be taken during the inspection. The order was taken by subordinates to mean that all the press was blocked.

Members of the court permitted pictures to be taken as the party returned from the creek. Photographers were not permitted to join the court at the water's edge.

Armed marine military policemen stopped reporters following the group. The newsmen made a protest to the court and Hutchinson then directed the recorder to read a transcript of the remarks made at the creekside.

McKeon's former boss for recruit training took the witness stand yesterday. Lt. Col. Robert A. Thompson of Syracuse, N. Y., said a march such as McKeon ordered was maltreatment.

"Without adequate reconnaissance, without adequate safeguards . . . with full knowledge that members of the platoon could not swim," said Thompson of a hypothetical case striking in its similarity to McKeon's, "it would be maltreatment."

Thompson declared that he had never heard of similar night marches in his battalion.

LINES KEPT BUSY — Mrs. Betty McKeon works as a volunteer telephone operator at Parris Island, S. C., as scores of calls come in from former Marines rallying to the support of her husband, S/Sgt. Byrd Seems Sure Ike Will Sign Benefits Bill

Washington, July 19 (AP)—Sen. Byrd (D.-Va.) said today "I have heard no talk" that President Eisenhower might veto the Social Security bill even though the administration opposes some of its key provisions.

"I hardly see how he can veto it when all the Republicans voted for it," commented the Virginian in an interview.

THIS WAS A reference to the 90-0 vote by which the Senate passed the measure Tuesday night. It sailed through the House 372-31 last year.

The history-making bill would for the first time permit disabled workers to draw Social Security benefits starting at age 50. It also would lower from 65 to 62 the retirement age for women eligible for Social Security payments. The administration had opposed both changes.

THE SENATE and House versions differ somewhat on these two major provisions, but the principles are the same so that they are sure to be retained in the final product. Conferees are to hold their first meeting tomorrow.

Sen. Long (D.-La.) told a reporter "President Eisenhower will sign the bill and then the administration will claim credit for it, directly or indirectly.

No Poznan . . .

showed little enthusiasm when the Russians began the recent campaign to appease the Yugoslav leader.

In his first speech to the Central Committee, Geroe declared, "it would be a grave danger not to draw the consequences of the Poznan uprising." He made clear he would use all means to avert any Hungarian repetition of the "bread and freedom" riots which rocked Poland and the Communist world on June 28.

"Our party must advocate broader democratization," Geroe said. "Justified criticism has become stronger in Hungary. Our party must absorb the forces which are dissatisfied with the present situation."

But along with promises of reform, the new party boss promised "iron party discipline and a fight against diversionists." As a special target he singled out Imre Nagy, former Communist premier and rallying point for party dissidents, who has stepped up reform demands since the Poznan incident.

Geroe has risen steadily through the party ranks. Before becoming deputy premier in Premier Andras Hegedues' regime, he ran the Ministries of Finance, State and Communications.

In 1953, he took over as interior minister and thus gained control of Hungary's secret police.

AS FINANCE minister, he plumped for industrialization and blasted farmers for backward tendencies. A critic of the Roman Catholic Church, Geroe was believed to have played a part in the imprisonment of Joseph Cardinal Mindszenty on charges of plotting against the state.

Rakosi, who is 64, gave illness and old age as part of the reason for quitting. But western observers had expected him to be forced out since he admitted to the party committee in May that he had been a Stalinist dictator.

IN TENDERING his resignation, Rakosi also pleaded guilt for "the slow progress of socialist development and the lack of collective leadership" in Hungary.

Accepting his resignation, the central committee paid tribute to the veteran Communist's services and praised him for admitting his "mistakes."

BUILDERS HOLD DISCUSSION — Among those attending a discussion recently of the Duso Home Builders Association at Milton were, (l to r) Elliott M. Weiner, Newburgh, panel moderator and Duso general counsel; Rudolph Neuss, Newburgh builder, and president of Duso; Dr. George B. Robinson, director of the Bureau of Planning, State Department of Commerce, and Seymour Arkawy, chairman of community facilities committee, Westchester Home Builders Association.

days. The payroll totaled two million dollars.

BROADWAY WAS crowded, but there wasn't much buying. Clothing stores and jewelers complained of "few customers and fewer buyers." Dave Stein, who operates a men's store, said, "we've cut prices to the bone to bring in trade, but it hasn't helped much. Business is bad and we look for it to get worse."

Mark Wilson, who heads the downtown Gary council, has an appliance store. "The strike hasn't hurt us too much yet," he said, "because we sell and service on credit, and the customer doesn't have to pay until 30 days after strike settlement." So it is with a lot of stores.

A MILL ELECTRICIAN, Dave Harms, 28, stopped in to do some repair work for Wilson. Harms has worked at the mill ten years and has a wife and two children. He said, "I'm able to do enough odd jobs so we don't feel the pinch very much, but it would still be good to have steady work once again."

Harms took advantage of the strike to finish building a home. He said, "we wouldn't mind the layoff if we knew it would end next week. It gives us a rest and time to get things done around home. But the uncertain length of it is bad, because you don't know how thin to spread your savings."

Some strikers said they make a practice of setting aside money each payday so they'll be prepared "when contract time comes around." Others wait for the time when the United Steel Workers dip into welfare funds to help them out.

Varied Work Week

Only New Zealand and the United States have a generally established 40-hour work week. Most other industrial nations have a 48-hour work week.

County Planning Commissions Are Urged by Group

A move toward establishing county planning commissions was proposed at a recent meeting of Duso Home Builders Association at Ship Lantern Inn, Milton.

Dr. George B. Robinson, director of the Bureau of Planning, State Department of Commerce, suggested that legislators and zoning board members present, urge boards of supervisors to establish planning commissions similiar to one set up in Orange county.

Dr. Robinson noted that the thruway and two new bridges in the area (Kingston and Newburgh) made it inevitable that communities of the region would undergo radical changes in the next few years.

Problems of the builder and community planner were discussed at the session by Dr. Robinson and Seymour Arkawy, chairman of the community facilities committee of the Westchester Home Builders Association and a panel of others.

Arkawy contended that there was no such thing as a model zoning ordinance, and a big problem for non-professional planners is the need for developing a plan suited to serve the special needs of their own community.

Both speakers stressed the importance of having builders and land developers participate in the organization and management of zoning boards.

It's the real thirst-quencher

Long Court Wait Helps Couple to Forget Divorce

Chicago, July 19 (AP)—An estranged couple stormed into divorce court yesterday, determined to end their marriage.

Four hours later they left arm-in-arm, determined they'd try and save it.

LAWYERS SAID the reconciliation of Clarence Pennington, 27-year-old clerk, and his wife, Mary, 24—four hours after filing suit—may be a Chicago record.

A crowded divorce calendar that forced the Penningtons to wait in court for their case to be called was given credit for their change of heart.

Mrs. Pennington went into court wanting fast action. She said she needed support for herself and their seven week's old daughter, Susan.

Judge Walker Butler of Superior Court waived the usual 60-day cooling off period usually applied in divorce cases. He permitted her to file a separate maintenance suit and Pennington a cross-bill for divorce, both charging cruelty.

BUT HE TOLD their lawyers he couldn't hear the motion for temporary support until the end of his court call of other divorce cases.

The Penningtons sat down together in the crowded courtroom and waited. Their lawyers went about other business.

Four hours later the lawyers returned. The Penningtons had changed their minds. They said they were disgusted with the arguing and shouting — usually over petty differences — by husbands, wives and lawyers in court. They wanted to give their marriage another try.

Butler smilingly obliged and dismissed the suits.

May Use T-H Law

Steel Corp. vice president and chief industry negotiator, dedeclared:

"We have not changed our offer . . ."

The union, headed by David J. McDonald, has rejected that offer as "too little, too late and too long." It would provide a 52-month contract which, the industry says, would give a 17½ cent hourly package boost in the first year. McDonald, who has not revealed his demands, valued the offer at 14 cents an hour. Wages under the old contract averaged $2.46 hourly.

In addition to the 650,000 strikers, some 103,000 workers in allied industries have been laid off. Trade circles say the long phase effects of the strike may be worse than some people realize.

PETER D. DEGRAFF

CLYDE S. DEGRAFF, JR.

BROTHERS JOIN AIR FORCE — Clyde S. DeGraff, Jr., and Peter D. DeGraff, sons of Mr. and Mrs. Clyde S. DeGraff, Woodstock, enlisted for duty in the U. S. Air Force on Tuesday, S/Sgt. Larry Snyder, local air force recruiter, announced.

Clyde graduated from Onteora High School in 1954 and was employed as a carpenter's helper and Peter was a graduate of Onteora High School in 1955 and was employed by McDaniel and Wingert of Bearsville. Both picked the air force because of the opportunities offered them in the aircraft and engine mechanic career field. The brothers will undergo their basic training together at Lackland AFB, San Antonio, Tex. and then they will remain together throughout their tour with the air force if they so choose to do so. This is made possible in the Air Force by special regulations which allow twins or brothers to remain together if they so select.

JOHN ALLEN, JR., 18, son of Mr. and Mrs. Leon Perry, 134 Center street, Ellenville, is completing his air force basic military training at Lackland Air Force Base, the "Gateway to the Air Force."

WILLIAM R. ROGGIO, 18, son of Dorothy A. Roggio, Box 18, Ardonia, is completing his air force basic military training at Lackland Air Force Base, the "Gateway to the Air Force."

CARLTON L. CONNOR, 18, son of Mr. and Mrs. William B. Connor of Kerhonkson, is in Havana, Cuba with the U. S. Coast Guard Cadet Practice Squadron on its annual summer training cruise. Cadet Connor is a third classman (sophomore) at the Coast Guard Academy, New London, Conn. He has been at sea since June 11 when the squadron sailed from New London. Other ports visited were San Juan, Porto Rico and Coco Solo Canal Zone.

Almost a Hot Dog

Chicago (AP)—Little Joe, a pup, almost became a hot dog when he disappeared during a cake-baking episode in the Lawrence Egness household. A search until 2 a.m. the next day failed to locate him until Mrs. Egness heard a whimpering in the kitchen and opened the oven door. There was Little Joe, a bit unnerved but otherwise okay.

Bird Bank

San Diego, Calif. (AP)—The gizzard of a large South America rhea at the San Diego Zoo has yielded $1.26. Barney Sheridan of the zoo research laboratory said the bird, which resembles an ostrich, died recently and was found to be a "walking bank." An autopsy brought the discovery of two half dollars, one quarter and a penny. The coins had nothing to do with the bird's death, Sheridan said.

Deny President's Health Shielded

Washington, July 18 (AP)—The presidential campaign gathered heat today as the aftermath of a bitter Senate floor exchange over President Eisenhower's health.

Senate Republican leader Knowland (Calif.) and Sen. Goldwater (R.-Ariz.) challenged yesterday a speech in which Sen. McNamara (D.-Mich.) said presidential Press Secretary James C. Hagerty "is misleading the American public from the truth" about Eisenhower's health.

McNamara called it "one of the most masterful suppressions of the facts ever put across by the advertising techniques of Madison avenue."

Goldwater, took issue with McNamara saying:

"I deplore the use of the political technique which has been used in this body, where it has been suggested that the President of the United States is operating under sedatives, that the President does not even know his own condition."

Goldwater added that the political campaign can be conducted "on a much higher plane than that."

Musician's Group Announces Series Of Summer Dances

A series of Monday night summer dances to be held in various sections of the city was announced by Kingston Local 215, American Federation of Musicians.

The music for this program is provided through a grant from the music performance trust fund of the recording industry.

The first of the series to be conducted in cooperation with the Kingston Recreation Department will be held Monday, July 23 at Hutton Park with Myron Rossi conducting.

OTHERS ARE scheduled as follows: July 30 at Forsyth Park with Peter Ferraro, leader; Aug. 6, at Block Park with Ole Christensen and Aug. 13 at Hasbrouck Park with Donald Pierson.

Another dance will be held in cooperation with the Catholic Youth Organization Monday, Aug. 20 at School No. 2 playground. Wendell Scherer will conduct.

The 156th Field Artillery Battalion will co-sponsor a block dance on the armory ground Monday, Aug. 27 with Johnny Michaels directing.

All dances will be free and open to the public as a community service.

COCKTAIL TURBAN—Embossed gold and silver panne wound about the head of model Joan Hackett makes a dramatic shako turban for fall cocktail wear. The hat, designed by Russ Russell of New York City, is trimmed with one huge jewel at the front.

COMPETING MERMAIDS—Women entries for gruelling 25-mile Atlantic City World's Championship Professional Swim pose before hitting the ocean at Atlantic City, N. J., July 18. In top row, from left, are: Helga Weiss, Berlin, Germany; Vivian Thompson, Winnipeg, Manitoba; Greta Anderson, Marineland, Calif.; Aloma Keen, Montreal, Canada; Carole Brown, New York city; and Greta Petterson, Batavia. Bottom row, from left, are: Muriel Ferguson, Toronto, Canada; Lies Put Janmicky, Montreal, Canada, defending women's champion, and Daisy Murchie, Long Beach, Calif. (AP Wirephoto)

COOL OUTLOOK—For a new high in summer madness, try eyeball coolers. Nine-year-old Stevie Peterson, of Belton, Mo., fashioned his pair out of old eyeglass frames and ice cubes. Unfortunately, Stevie's cool view melts away before the day ends.

435 More Polio Cases; Smallest In 6-Year Span

Washington, July 19 (AP)—The state reported 435 new cases of polio last week, the smallest number for the comparable week in six years.

Illinois, with severe localized outbreaks in sections of Chicago, had 104 cases, the only state with more than 100.

A PUBLIC HEALTH Service spokesman today said Illinois is the only state showing any considerable concentration of cases in specific areas.

Between Jan. 1 and July 14 polio cases totaled 3,365 compared with 4,676 in the similar 1955 span for the entire country.

For the "disease year" which began about April 1 there had been 2,298, compared with 3,613 a year ago.

The Health Service spokesman did not give all credit for the reduction to use of Salk polio vaccine but said apparently the vaccine is having an effect.

THE 435 CASES in the week ended July 14 compared with these totals in comparable weeks in the previous five years: 565 in 1955; 1,053 in 1954; 1,245 in 1953; 1,044 in 1952; and 615 in 1951.

The weekly communicable disease summary said the sharp increase in cases in Illinois, 104 last week as compared with 35 in the week ended July 7, "is almost entirely due to localized outbreaks in certain sections of Chicago, mainly in the southern part of the city among persons of low economic status."

SHOUTS AT COMMITTEE—Broadway actor Jack Gilford shouts during a hearing of the House Un-American Activities Committee in Philadelphia, July 18, as he invoked the Fifth Amendment in refusing to answer questions as to whether he ever had been a Communist. Guilford protested that the congressmen were going beyond scope of the hearing. (AP Wirephoto)

A Writ to Paint

Detroit (AP)—Attorney Damon Keith got his nephew to paint his house—on a writ of habeas corpus. The nephew, Harold Harris, was being held for investigation when Keith showed up and asked that the youth be released to his custody. "I want him to finish painting my house," said Keith. The judge said, "I admire your honesty" and relased Harris on the writ.

Warns of Fight To Rid Germany Of Foreign Troops

Bonn, Germany, July 19 (AP)—A mystery German undercover group warned U. S. Ambassador James B. Conant today it is prepared to fight to rid Germany of foreign troops.

"WE WILL NO longer bear the further presence of foreign troops on our holy soil."

It assailed what it called control of German policies by "Jewish money and foreign lords."

Chancellor Konrad Adenauer's government, it said, "plays the role of a willing lackey and a spineless dog which thankfully licks the hands of those who previously have beaten him."

THE LETTER, printed in German, said the organization "will take over leadership in the fight for great German interests." It claimed the group has the strength to "carry this fight through to a victorious end."

It told Conant: "In the spreading of our thought, you must and can help us. We turn to you for help which will be granted."

Maj. Gen. Clark L. Ruffner, the top American military official in Bonn, received a similar though differently worded letter. His was in English and identical with letters sent recently to other American generals and colonels declaring that U. S. forces must pull out of Germany.

U. S. authorities said American intelligence and the West German FBI are pressing an investigation. It is not yet clear whether the undercover organization is a group of cranks or Communists or a well-organized political movement.

Twins Under Knife

San Diego, Calif., July 19 (AP)—The Hutchens Siamese boy twins, joined at the base of their spines, undergo surgery today to separate them. The twins, Gary and Larry, were born July 2, sons of Mr. and Mrs. Floyd Hutchens of suburban El Cajon. Except for a 1½-inch tissue connection, the twins are normal in every respect. Dr. Leroy E. McDowell delivered the twins. He and Dr. Thomas F. O'Connell, surgeon in charge of the operation, said the surgery will be performed at Grossmont Hospital in suburban La Mesa. Two complete surgical teams will be in the operating room.

The three-mile-limit of control of oceans around a nation is being widely challenged today, says the National Geographic Society.

Canada's province of Ontario has about 250,000 lakes.

Mediation May Save Met Season

New York, July 19 (AP)—Mediation efforts by an official of the Musicians Union may help to save the Metropolitan Opera's 1956-57 season, canceled in a labor dispute.

Al Manuti, president of the big Local 802 of the union, entered the squabble between the Met and the American Guild of Musical Artists yesterday to "save the opera season" and an estimated three-million-dollar payroll.

Manuti's union is not involved in the dispute, which concerns the dual role of Robert Herman, who held one executive job and one union-covered job. The guild, which represents many of the singers and dancers, threatened disciplinary action against Herman for his management role. The Met said the union refused to arbitrate the matter. The season was canceled, the Met said, because it had no guarantee of labor peace.

Manuti said he had prepared a compromise proposal and that the Met found it acceptable. He said the guild promised to put the plan before its executive board quickly.

Trapper Gets Trapped

Truth or Consequences, N. M. (AP)—George Williams of El Paso, Tex., got caught in his own trap here. Williams is a radio repair man who handles the repair of traffic radar sets. Recently he was traveling through here when the police radar clocked him in excess of the speed. He was fined a total of $12.

Whiz Kids Topple Doblers, 7-3, in City Baseball League

Unfurl New Pitcher, Vassal, For Fourth Win

League Standing

Saugerties Whiz Kids displayed the form expected of them in pre-season estimates when they knocked off the Doblers, 7 to 3, yesterday in the City Baseball League.

It isn't much beating Doblers these days, but the Whiz Kid performance hinted they might prove troublesome to the contenders for the remainder of the schedule.

They introduced a new pitcher, Vassal (first name unknown), who proceeded to shackle the Brewmeisters with seven hits and eight strikeouts.

WHIZ KIDS picked up only seven off Fred Jenny and R. Rappolt, but a home run by Joe Martin in the first inning and a four-run barrage in the third more than sufficed.

The win put the Kids over the .500 mark for the first time this season, with a 4-3 record. Doblers went down to their sixth setback in eight and are now solidly entrenched in the league basement.

Martin, the Saugerties High School athletic glamor boy, greeted Vassal with a home run slam to launch the game. Don McCaig's single and a double by Vassal, who bats fifth, sent Saugerties ahead, 2-0.

JENNY'S wildness (walks to Jim Farrell, Whitter, Joe Benjamin and Martin) combined with singles by Hubie Barber, M. Iannone and Vassal created a 4-run rally for Saugerties in the third.

Doblers pried a run from Vassal in the third on singles by Dyshuk, Bill Chase and Joey Hoffman. Dyshuk knocked in a fourth inning tally after Bob Dawkins walked and moved to second on a sacrifice.

Vassal hit a single and double for the Whiz Kids and Martin added a singleton to his round tripper. Dyshuk and Chase slammed a pair of singles for Doblers.

President Fred Davi has announced a revised schedule for the remainder of the regular season as follows:

July 23—Nadler vs. Watzkas
July 24—Joneses vs. Doblers
July 25—Eagles vs. Whiz Kids
July 26—Joneses vs. Nadlers
July 30—Whiz Kids vs. Watz-Kas
July 31—Doblers vs. Eagles
Aug. 1—Whiz Kids vs. Joneses
Aug. 2—Nadlers vs. Doblers
Aug. 6—Watzkas vs. Eagles
Aug. 7—Whiz Kids vs. Nadlers

Giants	1	2

The last place Electrol Giants of the American Little League won their first game of the second half yesterday, a 6-4 victory over the Yankees.

Vince Smedes pitched shutout ball for five innings, then survived a Yankee rally which produced four runs in the sixth. He struck out 10 and walked three, while giving only five hits.

GEORGE TOMSON limited the Giants to six hits, fanned 12 and walked two. The Giants got to him in the third, fourth and fifth innings.

Smedes appeared to have a shutout in the making when the Yankees suddenly erupted in the sixth. Singles by Jay Herrington and Tomson and a walk to Don Van Keuren loaded the bases. Smedes struck out the next two batters but McElrath doubled and later scored on an error.

Gerard Hawkins was the batting star with a double and triple. Ferrell McElrath and Smedes hit doubles and James Bruck had a pair of singles.

Dodgers play the Yankees today, with the Giants and Red Sox meeting Friday.

City Counsel Wins Westbury Feature

Westbury, July 19 (AP) — City Counsel came from third in the stretch to score a length victory over Famous Mite in the $4,000 feature pace last night at Roosevelt Raceway. Mighty Stom was third.

City Counsel, five-year-old chestnut gelding owned by Benjamin Grosberg of Detroit, was second choice of the growd of 18,977 and returned $8. He was timed in 2:05. Chestertown Boy, the even money favorite, finished last in the eight-horse field. Clint Hodgins drove City Counsel to his sixth victory in 18 starts this season.

Giannuzzi Opens for Legion

Faces Catskill In Opening Game Friday

Fire-balling lefthander Renni Giannuzzi has been named as the starting pitcher for the Kingston Post against the Catskill Post in the District Three American Junior Legion Baseball Tournament which opens Friday night at Dietz Stadium.

The tourney brings together junior Legion champions of seven counties and runs through Monday at the stadium. It is part of the Legion's program to select a national champion.

The Kingston-Catskill duel will follow the tourney opener which matches the Capital City Post of Albany, Albany county kings, and the Rensselaer county contingent at 6:45.

GIANNUZZI, who is a senior at Kingston High School, has been pitching great ball in the City Baseball League for high-flying Jones Dairy. Included in his victories have been a pair of low-hit efforts. The stocky southpaw is also appearing for the Saugerties Dutchmen in the New York- New Jersey loop.

Chase, Ferraro, Cragan and Krueger were all members of the Maroon varsity this season. Chase batted over .300 and was one of the steadiest players on the team. Cragan was the full-time third baseman while Ferraro and Krueger saw spot action.

Hobie Armstrong is also on the squad and will be ready for outfield or pinch hitting duty. He topped the Maroon Jayvees in hitting this year and is one of the brightest young stars in the city.

TOMMY MAINES, Eddie Ball and Julie Albertini are coaching the squad. Ball, unfortunately, is in the hospital and will miss the action.

First round activity concludes Saturday afternoon with a contest between the Sullivan and Schoharie county representatives. Game time is 2 p. m.

The semi-finals are set for Sunday starting at 5:30 p. m. E
and the finals Monday at 8:15 p. m. The Columbia county team, which drew a first round bye, plays in the second half of the semi-final twin bill against the Kingston-Catskill winner. The first game matches the victor of the Albany-Rensselaer tilt with the Schoharie-Sullivan survivor.

Frank Sammons, promising KHS receiver, will handle Giannuzzi. Sammons won the regular catching job for the Maroons late in the season and figures prominently in next year's plans. He is currently backstopping for the Kiwanis in the Fraternal Youth League.

The rest of the starting lineup includes Joey Hoffman at first base; Don Krueger or Charlie Williams at second; Eric Blackwell at shortstop and Bill Cragan at third. The outfield shapes up with Bill Chase in left; Ron Ferraro in center and John Mustion in right.

HOFFMAN, a polished gloveman and Mustion, Kerhonkson High all-around star, are expected to be the offensive leaders. Hoffman batted a cool .500 for KHS this season and has been keeping his hitting eye sharp playing with Doblers in the Twi circuit.

Mustion is a powerful long-ball slugger who starred on the mound as well as the outfield with Kerhonkson. He hurled four one-hitters in the UCAL this spring and clouted several home runs. He is slated to back up Giannuzzi and will undoubtedly get a starting role if the local post survive first round play.

Junior Tennis

Forest Hills, July 19 (AP)—In a second round match yesterday, second seeded Franklin Satterthwaite of Short Hills, N. J., lost to David Kotz, Roslyn, N. Y., 6-4, 6-2, in the Eastern Junior and boys championships at the West Side Club.

The Argument Rages

PGA Starts All Match Play Tourney Friday

Canton, Mass., July 19 (AP)—At an unfinished golf club, an unsettled, endlessly-argued question will be revived tomorrow when play begins in the 38th Professional Golfers Assn. championship.

That question is whether the familiar, sometimes-monotonous stroke competition or the man-against-man, sudden death match play is the best way of settling this contest, which, in effect, decides the championship of all the golf professionals.

It has been argued for years, and the debate was revived as a hot issue this year when the PGA eliminated the customary on-the-scene qualifying rounds. Now 128 players — survivors of the sectional qualifying tests and top performers who qualify automatically — will get down to knocking heads on the first day —by next Tuesday only two will be left to fight it out in the 36-hole final.

THE TRICKY 6,356-yard Blue Hill Country Club course—a bit short by ordinary championship standards — looks like an ideal place to try out a new form of tournament play.

The all-match tournament, the first in PGA history, seems to be just what the 'home' pros want. And they form a big majority of the more than 3,000 members. In effect it's a private party for the guys who spend most of the year selling clubs, giving lessons and listening to the complaints of members about the brown patch on the 13th green.

The touring pros, who hog the headlines week after week, are tolerated mainly because they're the ones who draw the galleries. Yet they form the powerful minority which insists that 72-hole medal-play tournaments are a fairer test of golf. They draw strong support from such players as Ben Hogan and Open champion Cary Middlecoff, who think the five days of the PGA championship are too tough for them.

OF THE 12 finalists in the last six PGA championships, only one —Cary Middlecoff—ever has won the Open title. Sam Snead, a great golfer and often close in the Open, has won three PGA championships. Blond, snub-nosed Walter Burkemo has been a PGA finalist three times in five years without ever raising much fuss in medal competition. And hard-working Doug Ford, the defending champion, hasn't done too much on the pro tour although he accomplished a unique feat last year by winning the qualifying medal and the title on his first try.

The winners in match play usually are the "bold" players like Burkemo, Snead, Chick Harbert and Ford, who can go for the birdies right after taking a disastrous double bogey to lose a hole.

Regardless of the arguments pro and con, the all match tournament offers some prime gallery attractions for the first day.

Starting Times Set for State Amateur Golf

Starting times have been assigned for Kingston's four entries in the New York State Amateur golf qualifying tests Friday at the Dutchess Golf and Country Club, Poughkeepsie.

Ronnie Marks, Wiltwyck Country Club champion, will tee off at 10:50 a. m., in a foursome with A. Joseph Van Kleeck III, Storm King; Sal Molella, IBM; Joseph T. Willner, Southern Dutchess.

Harvey Bostic, Wiltwyck goes off at 11 a. m. with Jerry Cariffe, Newburgh Country Club; David Rosen, College Hill.

Alvin Boice of Twaalfskill is on the 11:10 squad, paired with Walter Blaine of the West Point Officers Club and Thomas Pearce, of Dutchess.

George Hughes will be in the 2 p. m. group with Allen Slocum and Bill McLaughlin of Dutchess Golf and Country Club.

Ray Billows, seven-time winner of the title, goes off at 1 p. m. with two crack Winged Foot entries—John Smith and Edward Vaughan. Hank Kowal, another top Dutchess player, is scheduled at 4:10 p. m.

Triplets Win Any Old Way

(By The Associated Press)

Whether the game is long or short, the galloping Binghamton Triplets can win it.

In the first game of a twinbill at Johnstown, they dropped the Johnnies 4-3. The seven-inning contest lasted less than an hour and a half. The gruelling, 15-inning second game took four hours and nine minutes, but the Trips took that one, too, 7-5.

THE VICTORY enabled the second-place Trips to pick up a game and a half on the front-running Schenectady Blue Jays, who lost 3-2 at Reading as the Indians came from behind with a ninth-inning rally.

The Williamsport Grays dropped the visiting Syracuse Chiefs 9-8 in 10 innings and the Albany Senators sank the Redbirds 8-3 at Allentown in the league's other games.

Jim Singleton was the loser in both games at Johnstown. He was the starter in the first game, but pitched nine full relief innings in the second.

Yogi Berra batted only .253 when he broke in with Norfolk, Va. in the Piedmont League in 1943.

Ex-Brave Opposes Colonials In Contest Here Saturday

Walden Jewels Visit Stadium

Joe Kujanik, a Spring Valley fireballer who was released by the Milwaukee Braves this spring, is a probable starter for the Walden Jewels against the Colonials in the New York-New Jersey League Saturday night at Dietz Stadium.

The first appearance of the Brooklyn Dodger operated team is expected to attract a banner crowd to the uptown park.

The Jewels, who formerly operated at Newburgh, have a wealth of pitching talent and have been the league's best defensive club.

INADEQUATE hitting has tumbled the Jewels to a 2-5 record, the same held by the Colonials.

If Kujanik, who lost a 2-1 decision to the Paterson Generals Sunday, doesn't start for the Jewels, Manager Ettore Giammarco has two other topflight flingers in Joe Lawson and Bayno.

Brooklyn Dodger scout, Art Dede, has been shuttling material back and forth to the Jewels in an effort to build a pennant contender.

Two new prospects have been plucked from nearby Stewart Air Field. One is Ty Howard, a third sacker and the other, Walt Wilkins, a superb 19-year-old shortstop.

MANAGER Fred Davi will have Bob Maines and Bruce Bechtold at his disposal. Maines pitched brilliantly against Paterson until shelved by an arm injury. Bechtold pitched one bad inning against Paterson but rebounded nicely against Saugerties the next afternoon.

A poor defense that has committed several errors in the clutch has proved the undoing of the Colonials. Manager Davi says he is on the prowl for new material and may come up with an infielder by Saturday night.

Saboteur Cops $10,000 Feature At Saratoga

Saratoga Springs, July 19 (AP) — Saboteur won the $10,000 Runnymede three-year-old trot last night at Saratoga Raceway.

The horse was one of 10 Hambletonian eligibles in a field of 13. The race was a feature of Grand Circuit week.

Two fillies, Joan Genesee and First Time, won dashes of the $5,000 Chatham, two-year-old pace.

Saboteur, owned by the Arden Homestead Stable and driven by Harry Pownall, won an elimination heat in 2:06 4/5. He beat Valiant Rodney, another Hambletonian eligible, in 2:05 2/5 in a raceoff.

BLYTHE Hanover, also a candidate for the Aug. 8 classic at Goshen, won a second elimination in 2:05 3/5 but was withdrawn from the raceoff because of lameness. Valiant Rodney won the third heat in 2:05 after Saboteur broke stride.

Valiant Rodney, owned by Mrs. David R. Johnson of Charlotte, N. C., set a half-mile record for three-year-old colts for the season with the third heat time.

Harry Grayson's SCOREBOARD

Three frustrating seasons as a third baseman in B leagues convinced Thomas Virgil Sturdivant II that pitching afforded him his only chance to get anywhere in baseball.

This is the same Tom Sturdivant, whom Casey Stengel says contributed most to the present Yankee runaway.

Sturdivant, baseball's newest pitching star at 26, credits Hank Wyse with teaching him more than considerable about getting guys out. The good looking young Sturdivant bumped into Wyse, who won 22 games helping the Cubs to the pennant in 1945, when he reported to Beautmont of the Texas League in early July of 1952 after being discharged from the Air Force.

Sturdivant got a lot out of the New York club's pre-training season schools in Phoenix in 1950 and at Lake Wales in '53. Coach Jim Turner tutored him like a teacher's pet, showed him how to relax.

But it was a simple suggestion by Outfielder Hank Bauer that quickly transformed the six-foot, 181-pound Sturdivant from a righthand pitcher barely hanging on into one respected as much brown eyes brightening. "I guess my fast ball wasn't doing much as any handcuff king in the business.

"Hank warmed me up one afternoon," recalls Sturdivant, his brown eyes brightening. "I guess my fast ball wasn't doing much because he asked me how I held it.

"'Why not try holding it along the seams?' he asked.

"I did and the ball broke down and sailed away. I had it."

* * *

STURDIVANT'S TWO-HIT shutout of the Indians at Yankee Stadium boosted the Bombers to their biggest lead since '53. It was the best Yankee pitching performance of the year. Sturdivant had just come off a two-week relief diet. He is the same lad who shared with the departed Gerry Staley the dubious distinction of having been elected the pitcher most likely to be gone by cutdown date.

Sturdivant's secret, next to having a ton of moxie, is moving the ball around the plate with a variety of pitches. He is what the trade calls sneaky fast. One of his knucklers was still butterflying the other afternoon when Gil McDougald fielded it at shortstop. His fast ball sinks. He mixes in curve balls and sliders and further confuses batters with a cross-fire delivery.

"His rapid improvement is due to the fact that he is getting a piece of the plate with all of his pitches more consistently," says Professor Turner. "And that includes his best pitch in tight spots."

* * *

ONE OF STURDIVANT'S more important contributions to the Yankee breeze is that, together with Johnny Kucks, this graduate of Oklahoma City's Capitol Hill High knocked the idea that they had pitching superiority out of the Indians' heads. Before shutting out the Tribe in the Bronx, he struck out 11 in another two-hitter in Cleveland.

In 17 games, Sturdivant, who was not used in any capacity until May 13, has won eight, saved four more in relief, while losing two. He yielded 52 hits in 70 2/3 innings for an earned-run average of 2.15, lowest on a staff headed by such an illustrious server of headache tablets as Whitey Ford.

Before he steps on the rubber, Sturdivant's arms dangle at his sides, loose and limp, almost reaching the ground. That is his way of relaxing while getting the sign and studying the batter.

This makes Tom Sturdivant the most individualistic pitcher in the game.

But he no longer has to be pointed out to the opposition.

They now know what they are up against when the name is announced.

Webb Upsets Holly Mims

Chicago, July 18 (AP)—Spider Webb, 157½ pounds, Chicago, tonight gained a unanimous 10-round decision over favored Holly Mims, 157, Washington, in Chicago Stadium.

Webb, 23, a member of the 1952 Olympic squad, registered his third straight tr··h since receiving his army discharge in May.

Referee Frank Sikora scored the fight, 100-89 under the Illinois system of a maximum of 10 points per round to the winner. Judge Harold Harovitz had it 99-91 and Judge Spike McAdams 97-90 for Webb.

Babe Zaharias Resting Well

Galveston, Tex., July 18 (AP)—Babe Zaharias, famed woman golfer fighting cancer at John Sealy Hospital, today was reported "progressing remarkably well" from an operation to relieve leg pains.

A hospital bulletin reported her outlook was cheerful. A hospital official said she quipped this morning, "I think I'll read the papers today to see how I feel."

The bulletin said Babe was resting comfortably, eating heartily and having no pains.

Lesser Survives Scare in Amateur

Huntington, W. Va., July 19 (AP)—Pat Lesser, the defending champ from Seattle, felt she might be in for some sub-par golf for a change today in the quarter finals of the women's western amateur tournament.

She remarked after winning a tense 1-up match yesterday with Barbara McIntire of Toledo, Ohio, that she hadn't been able to snare a birdie in three rounds on the par 72, 6,220-yard Guyan County Club course.

The 21-year-old Miss McIntire knocked off three, and two of them on the 16th and 17 threw a tremendous scare into Miss Lesser. They suddenly cut her three hole advantage to one.

Miss Lesser, who will be 23 next month, faces yesterday's upsetter, Louise Camantz, in the quarter finals. Miss Camentz, who lives in Louisville, Ky., knocked off Ruth Jessen, two-time Pacific Northwest champ from Kenmore, Wash., 3 and 2.

Mt. Vernon Youths Remain Favorites

Rochester, July 19 (AP)—The top-seeded Moglen brothers of Mt. Vernon remained the favorites today as the New York state junior tennis tournament moved into its second day.

Lloyd Moglen, 17, defending champion in the junior division won his first and second round matches yesterday.

Lloyd defeated Robert Melican of Schenectady, 6-0, 6-0, and Mischa Makaroff of Rochester, 6-0, 6-4. Makaroff was paired with Moglen after defeating Paul Godfrey of Watertown, 6-3, 6-0.

Fourteen-year-old Les Moglen defeated Wayne Georgia of Oneonta, 6-0, 6-1, in his opening round match in the boy's division.

Russell Paces Albany Golf

Albany, July 19 (AP) — Pierce Russell of Troy, first vice president of the New York State Golf Assn., is medalist of the Albany district team that will compete in the state Amateur Golf Tournament.

He fired a one-under-par 69 at Normanside Country Club yesterday to win the medal—which he had taken to the club to award to the leading qualifier.

Other district qualifiers are Jack Neghte of Gloversville and Don Mangino of Albany. They won in a three-way playoff with William A. Orcutt of Gloversville after all shot 73s.

Bill Shields, an automatic qualifier as winner of last year's tournament at Jamestown, rounds out the Albany district team that will compete in the tournament Aug. 9-12 at Poughkeepsie.

Hallenbeck-Elwyn Team Scores Win at Wiltwyck

Mrs. Gerald Hallenbeck, of Catskill, and Mrs. Hugh R. Elwyn combined for a sparkling best-ball 39 to capture yesterday's women's tournament at the Wiltwyck Country Club.

Second place went to Mrs. Lloyd Le Fever and Mrs. Ernest LeFevre with a 42.

Mrs. Ivan Whitmore and Mrs. Reuben Leventhal tied with Mrs. Edward Minasian and Mrs. George Schneider with 43s for third place, but on a matching of cards the Whitmore-Leventhal team was awarded third prize.

Wiltwyck women will have their regular Ladies Day competition next Wednesday, then prepare for their big Invitational on Wednesday, Aug. 1.

Gomez Is Fined In Adcock Brawl

Milwaukee, July 18—Pitcher Ruben Gomez of the New York Giants has been fined $250 and suspended for three days for "conduct of the most unsportsmanlike nature" in his rhubarb with the Braves' Joe Adcock last night.

Adcock was fined $100, but received no suspension, according to the decision of Warren Giles, National League president.

Gibson Scores In Clay Tennis

Chicago, July 18 (AP)—Althea Gibson breezed through her first test in the National clay courts tennis tournament today, downing Virginia Carpenter, of Oak Park, Ill., 6-1, 6-1.

Miss Gibson, seeded second, displayed the technique which carried her to 18 tournament victories in a row before the recent break in her chain at Wimbledon.

Shirley Fry, fresh from her triumph in the Wimbledon championship tourney, scored her second victory in two days on the clay courts. Miss Fry, top seeded, won from Beverly Toland, of St. Louis, 6-0, 6-2.

Red Sox Take Third; Tigers Chill Yankees

By ED WILKS
The Associated Press

After a false start, it looks as if Boston's Red Sox are on their way at last, just as Ted Williams predicted a couple of weeks back. Trouble is, they're sprinting on a treadmill in that American League race.

Williams, blaming early Sox disappointments on injuries, illness and sore arms, figured the Bostons were healthy and ready to go. And after being side-tracked by New York, the Red Sox now have won 10 of 12, skipping past Chicago into third place and to within six points of runnerup Cleveland.

They closed in on the Indians yesterday, beating Kansas City 7-3 as Mel Parnell followed up his Saturday no-hitter with a seven-hit job that was good enough.

The Yankees, however, still lead the pack by a plush 9½ games—even after Detroit ended their winning streak at 11 games with an 8-4 and 4-3 doubleheader sweep. Cleveland split at Washington, losing 7-5 and winning 11-1. The White Sox were knocked off by Baltimore 4-3 for their 11th straight defeat—longest slump in the majors this season.

In the National, there wasn't one sign of a player brawl as Milwaukee re-established its two-game lead with a 7-3 decision over the New York Giants. Brooklyn defeated second place Cincinnati 6-3. Rain held Pittsburgh and St. Louis to a 1-1 tie called in the top of the 10th. Philadelphia swept the Chicago Cubs 6-4 and 6-1.

THE RED SOX enjoying their best surge since winning 14 of 16 in June of 1955, have gained only a half game on New York but have packed away 8½ games against Chicago and 4½ against Cleveland.

A four-run eighth inning against Troy (1-9) Herriage kept them going yesterday.

Paul Foytack and Frank Lary two righthanders, chilled the Yankees with Lary beating them for the fourth time among his victories. Al Kaline made a leaping stab of Mickey Mantle's two-out, two-on liner in the ninth inning of the nightcap to protect the slim lead he had provided with his 14th home run in the sixth off Maury McDermott.

Mantle, playing without a brace on his right knee for the first time since July 4, hit his 31st home run in the first inning of the opener—putting him eight games ahead of Babe Ruth's record-60 pace in 1927. But the Tigers wrapped up the streak breaker with six runs in the sixth against Tom Sturdivant, now 8-3.

A bases-loaded, two-out error by third baseman Fred Hatfield gave Baltimore the winning run in the ninth for the Birds' sixth straight victory. Morrie Martin, late of the White Sox, won in relief after stopping a tying Chicago rally in the ninth. The Chicago slump is the longest in the AL since Baltimore lost 14 in a row during August of 1954.

BOBBY THOMPSON drove in four runs—two on a first-inning double and two on his 12th home run in the sixth—as the Braves made it eight out of nine. Lew Burdette breezed for his 11th victory. Al Worthington lost it. A crowd of 32,960 pushed the Braves home attendance ove 1 million for the fourth straight season.

Four runs in the first, with Sandy Amoros' homer scoring two, won for the Brooks and Carl Erskine, who needed Clem Labine's relief help. Wally Post who contributed a two-base error in the quick Dodger start, homered in the first. Johnny Klippstein, who had beaten the Dodgers four times, lost it.

Dale Long's double tied it for Pittsburgh in the ninth against Vinegar Bend Mizell. The Cards scored in the sixth off Red Munger on Stan Musial's double and Whitey Lockman's single.

Philadelphia edged to within five points of the fifth place Bucs as the one-time one-two knockout pitching punch of Robin Roberts and Curt Simmons clicked again. It was the Phils' eighth victory in 10 games and their first doubleheader sweep in 14 tries this season.

Darkness interrupted a loosely-played Rondout Valley Little League game in the four innings yesterday, with the Cubs leading the Braves, 14-10.

It was an official victory, of course, the Cubs sixth in nine games to put them a half game behind the pace setting Red Sox (6-2).

BRAVES LED 10-3 at the end of two but the Cubs rallied for eight runs in the third and three in the fourth.

George Regan cracked "4 for 4" all singles for the Cubs. Elwood Osterhoudt and Tom Brownlie each had two hits for the Cubs.

Braves had all the extra base hits. Bob Larsen rammed a pair of doubles. Floyd Turner socked a single and double and Russ Sofield and Pete Green socked two baggers.

OUT OF DOORS with
Field & Stream
By JOE STETSON
Dog Editor

Do they like you — dogs, I mean? Isn't it strange the way the critters seem to shy away from those who wish most to make friends with them — at least with those who demonstrate most that they'd like to be friends?

How many times I've watched, and I'm sure you've done so too, while a dog lover has entered a home and tried to make friends with the family pet.

If the dog is a promiscuous beggar, boldly anxious to be scratched, fed, fawned upon and patted by anyone who comes along, he'll make friends readily enough. But if he has any reservation, dignity or caution, a surprising series of explosive sounds is produced, aimed at enticing the dog. Fingers are snapped, thighs or knees are slapped, the floor or the chair arm is tapped —all to the accompaniment of a friendly, raucous, hearty voice, extolling the dog's virtues.

Let's not question the good intentions of folks who try so hard to make friends with dogs. We can only question their methods. I sometimes wonder what these people would do if some large animal of unintelligible language should hover over them, uttering sounds, clicking hooves or claws loudly and attempting to pop them on the head with questionably gentle swings of their forelegs.

How much more logical to enter the company of a strange dog quietly, allowing the dog to size you up at his own leisure and to make his own approach. Let the dog satisfy himself as to your intentions—good or bad—and make up his own mind as to your merits, based on his own standards or evaluation.

No amount of wishing or self-esteem on your part is ever going to make the dog like you better. Only his feeling of security in your presence will influence him. This feeling can best be supplied by quiet tone of voice, normal behavior, predictable movements and an inherent love of dogs, which the dog will sense if it is really present.

Quick movements, loud noises, and descending hands can produce only caution and distrust. If you really love dogs, but have had little success with them, try the right prescription.

CROWDED THIRD LEADS TO DOUBLE PLAY—Bill Tuttle (13), Detroit Tiger centerfielder, arrives at third after escaping trap in rundown between third and home in fourth inning of first of two games at Yankee Stadium, New York, July 18. Teammate Jim Brideweser, second from right, is already on base on Buddy Hicks' grounder to Yankee third baseman Andy Carey, right. Yankee pitcher Don Larsen (18) tagged out Brideweser. Tuttle entitled to third on the play, stepped off base and also was tagged out by Larsen to complete double play. In rear are Tiger third base coach Billy Hitchcock and umpire Bill Summers. Tigers won, 8-4. (AP Wirephoto)

A 2-Hitter

Giants Cop In Esopus

A strong 2-hitter by John Potter and powerful hitting by the tailend of the batting order carried the Esopus Legion Little League Giants to a 6-4 victory over the Yankees yesterday.

Potter struck out 11 and walked five to get the decision over Wayne Johnson, who was nicked for 13 hits.

The standings of the league are not known.

Willie Baxter, the No. 9 hitter, slammed three singles in three trips. Pete Colukos (No. 8) unloaded a single and triple.

Bob Crain (single-double); Gary Greiner, two singles; James Kent, two singles; and Ed Clark (double also starred for the Giants.

Solve Dog Problem

Port Arthur, Tex. (AP)—The Gulf States Utility Co. got better results than it expected when meter readers were supplied with "dog candy" to sooth the tempers of heel-nipping dogs.

One meter reader reported a vicious dog which had long bothered him became a bosom pal after the first bite of candy —and followed the meter reader for the rest of his route, chasing other dogs away.

Under the Boss's Eye

Harrisburg, Pa. (AP)—The Superintendent of Pennsylvania's capitol buildings decided state workers were lingering a bit too long in the capitol cafeteria during the coffee break period. So Secretary John S. Rice, of the Department of Property and Supplies, posted a notice in the cafeteria that tables would be occupied only during a 2-hour breakfast period and a 3-hour lunch period. Coffee breakers may still get their coffee at the counter but they must take it to their offices and sip it under the watchful eyes of their immediate superior.

WOLFER, if said defendants are living, and all devisees, distributees, heirs at law and next of kin of the said Henry A. Wolfer, Richard E. Wolfer and May S. Wolfer, if all or any of them be deceased, and also all persons who by purchase or inheritance or otherwise, or as wives of the defendants Henry A. Wolfer and Richard E. Wolfer have or claim to have an interest in the premises described in the complaint herein, derived through the said Henry A. Wolfer, Richard E. Wolfer and May S. Wolfer, or through their devisees, distributees or heirs at law or through any of them, which wives, devisees, distributees, heirs at law and other persons, if any there be, and their names are unknown to plaintiffs, and all persons who have or make any claim whatever as executors or administrators of any persons who may be deceased, and who, if living, would have any interest in the premises described in the complaint herein, derived through the said Henry A. Wolfer, Richard E. Wolfer and May S. Wolfer, or their devisees, distributees, or heirs at law, which persons, if any there be, and their names are unknown to plaintiffs, and THE PEOPLE OF THE STATE OF NEW YORK, Defendants.

To the Above Named Defendants:

YOU ARE HEREBY SUMMONED to answer the complaint in this action, and to serve a copy of your answer, or, if the complaint is not served with this summons, to serve a notice of appearance, on the Plaintiffs' Attorney within 20 days after the service of this summons, exclusive of the day of service, and in case of your failure to appear, or answer, judgment will be taken against you by default, for the relief demanded in the complaint.

Dated, June 8, 1956.

To the defendants Henry A. Wolfer, Richard E. Wolfer and May S. Wolfer, if said defendants are living, and all devisees, distributees, heirs at law and next of kin of the said Henry A. Wolfer, Richard E. Wolfer and May S. Wolfer, if all or any of them be deceased, and also all persons who by purchase or inheritance or otherwise, or as wives of the defendants Henry A. Wolfer and Richard E. Wolfer have or claim to have an interest in the premises described in the complaint herein, derived through the said Henry A. Wolfer, Richard E. Wolfer and May S. Wolfer, or through their devisees, distributees or heirs at law or through any of them which wives, devisees, distributees, heirs at law and other persons, if any there be, and their names are unknown to plaintiffs, and all persons who have or make any claim whatever as executors or administrators of any persons who may be deceased, and who, if living, would have any interest in the premises described in the complaint herein, derived through the said Henry A. Wolfer, Richard E. Wolfer and May S. Wolfer, or their devisees, distributees, or heirs at law, which persons, if any there be, and their names are unknown to plaintiffs, the foregoing summons is served upon you by publication pursuant to an order of Hon. Louis G. Bruhn, County Judge of the County of Ulster, New York, dated June 8, 1956, and filed on the 8th day of June, 1956 with the complaint, in the office of the Clerk of the County of Ulster, in the City of Kingston, N. Y.

The object of this action is to compel the determination of a claim to real property pursuant to Article 15 of the Real Property Law of the State of New York, with respect to the premises more particularly described in two certain deeds given by the City Treasurer of the City of Kingston to Frederick Stephan, Jr., both recorded in the Ulster County Clerk's Office on August 26, 1925 in Liber 512 of Deeds, at pages 409 and 392 respectively.

The property in question is described as follows:

First Parcel: ALL THAT CERTAIN PIECE, PARCEL OF LAND situate in the 9th Ward of the City of Kingston aforesaid, bounded and described as follows:

Wolfer St., bounded on the north by Levitas and Terry; bounded on the east by Bostwick, bounded on the south by Wolfer Terrace; bounded on the west by Terry and Scott; 230 feet front, 230 feet rear, 86 feet deep.

Second Parcel: ALL THAT CERTAIN PIECE, PARCEL OR LOT OF LAND situate in the Ninth Ward of the City of Kingston aforesaid, bounded and described as follows:

48-50 West Chester Street, bounded on the north by Wolfer Terrace; bounded on the east by Rose; bounded on the south by McGrath, and bounded on the west by West Chester Street. Being 50 feet front, 36 feet rear and 150 feet deep.

Dated, June 8, 1956.

50 Club, Skirts Block Party Set for Tonight

This is the night for the block party sponsored by the 50 Club and Skirts of the Seventh ward, which will feature Peg-Leg Bates, stage and TV star as guest of honor.

The event is to take place on Abeel street in front of Cornell Hose firehouse, with music from 8 p. m. to midnight by the Ridge Runners, cowboy band from Highland.

Indications are that this year's party, the fourth held by the two clubs, will be well attended according to the co-chairmen, Supervisor Thomas Coughlin of the Seventh ward and Mrs. Walter Fitzgerald.

Park Dog Shows Are Arranged on Dates in August

A series of "Kids Dog Shows" will be held by the local recreation department with a final show and judging at Forsyth Park during the Ulster County Fair Aug. 15, it was announced today.

Shows will start July 30, the first at Hasbrouck Park. The second is slated for Forsyth Park July 31, the third at Block Park Aug. 1, and the next two Aug. 2 and 3 at Cornell and Hutton parks. Each opens at 2 p. m.

First, second and third prizes will be offered in eight classifications, and winners in the various parks will compete in the Forsyth Park final. A bicycle will be awarded as the grand prize.

Dog lamps, feeding bowls, ribbons and other prizes will be awarded at the other shows. Another "giant trophy" has been donated for the dog voted best of the show.

Classifications are best behaved, best costumed, biggest, smallest, best trick dog, best cared for, handsomest and best of show.

Entry blanks are available at city parks, the recreation center and local grocers. The show program is sponsored by the recreation department and Ken-L-Ration as part of a nationwide project.

Shokan

Shokan, July 19 — Joseph W. Pucino, Newburgh collector of old firearms, and son were callers in the hub of the reservoir country Sunday. They were accompanied by A. B. Lown who has an antique shop at Vail's Gate.

Mr. and Mrs. Harrison Gridley of the town of Woodstock were Shokan callers Monday.

Dr. Henry Diepher, his wife and two daughters of New Jersey were in town Monday. The Diephers have a summer home at Phoenicia.

Mrs. Richard Coons, wife of the former pastor of Shokan Reformed Church, has retired after serving nine years as teacher in the Hill Street School, Saugerties. Recently, the student body presented Mrs. Coons with an electric clock in token of friendship and in appreciation of her valued services to the school. The Rev. Mr. Coons and wife again took up residence here the past spring after having lived two years in Saugerties.

Frank Low of Grahamsville was a Shokan caller Tuesday. Frank and his family, formerly of the Kerhonkson area, are now settled in their new home on Denman Mountain. The Lows bought an old pine corner cupboard at the Evers antique sale in New Paltz Saturday.

The Barclay house, shop and small acreage on the Tonche Mountain road in Ashokan reportedly has been sold by the E. Barclay heirs to the Floyd Merrihews of Ashokan.

John Thayer and associates are in the marine salvaging business.

Mary Jackson, recent Onteora School graduate, has employment in Kingston.

Union Center

Union Center, July 18—Mr. and Mrs. Arv Aho entertained a number of friends recently in honor of three exchange students from Finland. The students were the Misses Emma Huarru, Anna Penja and Lissa Kurjoki.

John Guido is spending some time with his grandmother, Mrs. Louis Barrie in Ballston Spa.

Regular den meeting will be held Friday at the home of Donald Lane. Next week the den will meet with Michael Boomhower.

Thirteen children registered the first evening at the library hour which is sponsored by the Civic Group. Parents are needed to help with this work.

There will be no church services at the local church until Sept. 9 when the regular fall activities will be resumed.

Mr. and Mrs. George Winslow and daughters are enjoying their vacation at Thousand Islands.

Stone House Day Scheduled At New Paltz on August 4

A dozen Colonial stone houses, many of them privately owned, will be open to the public on August 4 when historic New Paltz holds its annual Stone House Day, it has just been announced by officials of the Ulster County Publicity Committee.

Sponsored by the Reformed Church of New Paltz, the annual visitation day is expected to attract thousands of Ulster county vacationers and weekend sightseers. The pre-Revolutionary War old homes and buildings at New Paltz lend a distinctive French flavor to the traditionally Dutch-settled Hudson river valley.

VISITING FAMILIES and amateur photographers may spend a pleasant day's outing sightseeing at New Paltz and vicinity and touring the scenic, winding roads crossing this section of the Catskills. Visitors may pause for refreshment at the Old Fort, dating from 1705. It has been converted into a restaurant, but still exhibits the slots in the outerwall in which defenders could rest their rifle barrels.

Church officials plan to serve a luncheon from 12 noon to 2 p. m., in the Century Room of the Reformed Church. The church, itself, is of interest to visitors. Its records can be traced back to Colonial days. The records were fisrt kept in French, then Dutch, and finally English. Tickets for the luncheon and the old homes tour will be available at the church. Restaurant facilities in New Paltz will be open and hot dogs and beverages will be sold at a street stand.

THE STONE-FACED New Paltz residences date from the turn of the 17th century. They were constructed by the original settlers, then kwnown as Walloons, and later as Huguenots. After the signing of a land grant from Governor Andros, English governor of New York, to 12 original patentees in 1678, they proceeded to build a fort and a small village.

The patentees called the land grant New Paltz in honor of Pfaltz, on the Rhine river, where they had found refuge from the religious persecutions of Louis XIV.

It is reported by Kenneth Hasbrouck, director of the affair, and eighth generation descendant of original patentee, Abraham Hasbrouck, that more than 50 citizens of the town will don traditional Huguenot costumes for the occasion. Costumed owners of the private old homes will act as guides.

AMONG INTERESTING features of the old homes, scheduled to be opened from 10 a. m. to 5 p. m. are the big open fireplaces, hand-hewn beams, the original window glass and kitchen utensils.

Of particular interest is the Jean Hasbrouck Memorial House, one of the town's few historic places that are open the year-round. It is headquarters for the Huguenot Patriotic, Historical and Monumental Society and is maintained just as it appeared in the 1700's.

Another of the old stone houses, which will only be open on August 6th, is the Abraham Hasbrouck House. It was constructed in 1712 by Abraham Hasbrouck. He had served as a soldier under Governor Andros and is said to have been of great assistance in obtaining the original grant for the patentees. Visitors may be interested in the home's central room containing seven doors and the lower kitchen, which was the scene of numerous cock fights in colonial days.

New Brand of Thief

Bryan, Tex. (AP)—A new technique of car stealing—or borrowing—was broken up with the arrest of Samuel Lee Versey on charges of auto theft. Versey was accused of taking a car each night for more than a month from a local motor company's used car lot and returning the vehicle just before dawn each day. He was arrested when an employe of the firm recignized one of the cars as it sped down the street with Versey at the wheel.

Uncowed Calf Leads a Dog's Life

A crazy mixed-up calf who apparently thinks she's a house dog provides hours of amusement for her owners, Mr. and Mrs. Raymond Balogh of Grafton, Ohio. The canine-minded calf, Suzy by name, races to meet the family car when master Ray comes home, romps in the yard with him, and generally confuses poor Duke, the honest-to-gosh dog on the Balogh land.

Versatile Suzy shares a banana with Balogh . . .

Police to Guard Money in Armored Drivers' Strike

Buffalo, N. Y., July 19 (AP)—Police today moved to protect money shipments in the Buffalo area as drivers and guards struck two armored car companies.

Local 449 of the Teamsters Union struck (at 8 a. m. EST) Brink's Inc. and the U. S. Trucking Armored Car Service.

The two companies are the only armored truck firms serving the area.

Police authorities said every member of the police department would be made available to protect the movement of money from banks, industries and other business establishments.

Today and tomorrow are the normal pay days for most business firms here.

The weekly payroll has been estimated by the Chamber of Commerce at 25 million dollars, much of which is handled by the armored truck firms.

Meanwhile, union and company negotiators met with a federal mediator in an effort to reach agreement on a new contract. The old contract expired March 1.

The issues in the dispute were not disclosed.

Brink's operates about 15 cars here and employs about 60 men. U. S. Armored Car has four trucks and employs 11.

The pudu, a member of the deer family, stands only 13½ inches at the shoulders and weighs up to 24 pounds.

Faces Homicide Charge

New York, July 19 (AP)—A 34-year-old man was arrested today on a charge of homicide in the rape-strangulation death of Fedora Maiorino. Police said Frank (Sambo) Stephens, a Negro, admitted killing Miss Maiorino, 31, when she resisted his advances. Her body was found yesterday on the roof of a 14-story apartment building on Manhattan's east side.

Circus Gets Royal Florida Welcome

Sarasota, Fla., July 19 (AP)—A Baptist minister played the trombone and a bank cashier beat the drums in helping give the Ringling Circus a rousing welcome back home today.

These musicians were part of a quickly organized band which greeted the first section of the Ringling Circus at it pulled into town.

On the first section were 18 cars of animal cages and three cars of circus personnel. Other sections come in tonight.

The train halted in the heart of this resort city for the cele- bration. There were big wel- come banners, flapping flags, loud music from an old calliope.

Ike Lauds U.S. Strides in UN

Washington, July 19 (AP)—President Eisenhower praised 10 years of U. S. partici- pation in the United Nations as "a record of substantial evolu- tion in man's efforts to live at peace."

Eisenhower submitted the an- nual report, along with a special message, to Congress.

The President said the record for 1955 shows that the UN now entering its second decade, is "increasingly vital and effec- tive."

He listed developments in these fields:

1. "Important strides," he said, have been made toward convert- ing the atom to peaceful uses in "the face of what might seem insurmountable obstacles."

But Eisenhower said disarma- ment "remains one of the most vital unsolved problems facing the world."

2. The dispelling of "paralyz- ing distrust" was his main pur- pose, Eisenhower said, in propos- ing at Geneva last July mutual U. S.-Soviet aerial inspection of military installations. He said this country will continue to obey the mandate of the UN to give his proposal priority con- sideration as a step toward arms reduction and continue "our search until we have found the answer to this awesome prob- lem."

Neutralists End Big 3 Parleys

Brioni, Yugoslavia, July 19 (AP)—The much trumpeted meet- ing of the Neutralist Big Three entered the windup stage today but no world-shaking decisions were in prospect.

Indian Prime Minister Nehru described his sessions with Yu- goslav President Tito and Egyp- tian President Nasser as only a friendly exchange at which no decisions were made.

The trio planned to issue a joint statement after a final ses- sion today. Then Nehru, who is en route home after a European tour, was to fly on to Cairo with Nasser.

"We have not settled all the questions of the world," Nehru told newsmen. "I repeat—not."

Host Tito termed the confer- ence "very, very successful . . . cordial and friendly."

The three advocates of a mid- dle course between the west and the Communist world swapped views for 5½ hours yesterday on Tito's vacation Island of Vanga near this Adriatic port. Re- porters were barred from the island.

U. S., Egypt May Reach Showdown

Washington, July 19 (AP) — United States relations with Egypt approached a showdown today in a meeting between Sec- retary of State Dulles and Egyptian Ambassador Ahmed Hussein.

The immediate issue is a long standing United States offer, made in cooperation with Brit- ain and the World Bank, to help finance construction of a gi- gantic dam in the Nile river.

American officials are no longer certain that they want to go through with this project because they fear Egypt may be developing a pro-Soviet, in- stead of a truly independent line.

Ambassador Hussein calls that idea unfair and says that his government's policy is one of "trying to preserve our inde- pendence."

Hussein returned Tuesday from a seven weeks series of consultations with President Gamal Abdel Nasser in Cairo Tuesday. He immediatelyy de- clared that his purpose was to speed a final agreement on as- sistance by the West in con- structing the $1,300,000,000 As- wan high dam. He said there never was any question on Egypt's part of its desire to ob- tain assistance from the west.

To Save Lives and Property,

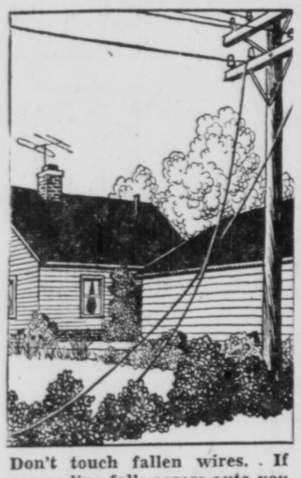
HEED THESE HURRICANE HINTS - - -

We are coming into the critical "hurricane season," when fiercely circling winds bring death and destruction. The American Red Cross warns that what seems to be a change in weather patterns has made the entire Eastern seaboard, Gulf Coast states and communities hundreds of miles inland vulnerable to Caribbean-born hurricanes in addition to the tornadoes spawned in our own weather factories. Illustrated below are some pointers the Red Cross offers for the safety of yourself and your home.

Watch your newspapers and keep the radio on for official Weather Bureau reports. Heed tornado, hurricane warnings.

Fill bathtubs, bottles and cooking utensils with water. Keep canned foods on hand. Be sure to have flashlight or candles.

Store garden tools, furniture, awnings, other loose objects in a safe place. Storm-borne, they could become lethal weapons.



Don't touch fallen wires. If power line falls across auto you are in, sit tight. don't touch any part of car, until rescued.

Get away and stay away from low-lying beaches or other places likely to be swept by ocean winds or high tides.

Board up your windows and put storm shutters in place. Protected windows lessen the hazard of flying glass.

MODENA NEWS

Modena, July 19—The annual church family picnic held this year at Tillson Lake, had a record attendance. A program was given by the vacation Bible school students of Modena Methodist Church. Sunday, July 22, worship services will be conducted at 11:15 when the Rev. John E. Swords, pastor will continue with the series, "Hard Sayings in the Bible." The sermon will be on "Is Salvation of the Jews?"

The Hasbrouck Hall Committee will meet Wednesday evening at the home of Mrs. Frank M. Coy.

The Modena Commission on Evangelism held its July meeting at the home of Mrs. Emmett Hyatt Monday evening. On the agenda: "Planning the Evangelistic Mission" which will be held in all churches in the Newburgh and Kingston District during Oct. 21-24.

The following contributed their time and efforts in the vacation Bible school sessions, conducted in Modena and Clintondale during the two weeks period: in Clintondale, Mrs. Russell Minard, Judy Zimmerman, Mrs. Elisabeth Atkins, Mrs. Mildred Minard, Melissa Harris, Mrs. K. Terpening, Sylvia Rorschach, Ann Harries, Mrs. Betty Conklin, Dr. and Mrs. Jesse Stanfield; in Modena, Mrs. John E. Swords, Mrs. Paul Arnold, Eleanor Gruman, Bobby DeWitt, Karen Simmons, Genevieve Smith, Mrs. Roy Jensen and Mrs. James Palen.

Mr. and Mrs. Norman Hansen were married Saturday, July 7, at Modena Methodist Church with the Rev. John E. Swords officiating. They will make their home in Newburgh. Mr. Hansen, a graduate of the Wallkill Central School and a member of Modena Methodist Church, is employed by the IBM at Poughkeepsie. Mrs. Hansen, the former Helen Nantz of Newburgh, is a graduate of Marlboro Central School, a member of Marlboro Presbyterian Church, and is employed by the W. T. Grant department store in Newburgh.

Mr. and Mrs. Donald Mulvihill were married Saturday July 7 at Modena Methodist Church by the Rev. John E. Swords, pastor. They will live in Modena and Florida where Mr. Mulvihill is attending college. Mrs. Mulvihill is the former Jean M. Wells of Modena, a graduate of the Wallkill Central School, Fredonia State Teachers College and was music instructor at the Red Hook School.

Mr. and Mrs. Gerald DeWitt of New Hurley, formerly of Modena, became the parents of a son, Martin Lee, born Monday at Goshen Hospital. The DeWitts have anoher son, Gary.

Mr. and Mrs. Donald Ross of Wallkill visited Mr. and Mrs. Lester A. Wager Jr., and daughter, Judy Lynn, Monday night.

Mr. and Mrs. William Mentonne and children, Spiro, Maria and Harry of New York, visited Mr. and Mrs. Tony Mouzithras during the past week.

Barbara Ann Utsey and Ursula Grady of New York city are the guests of Mr. and Mrs. Burton R. Ward through the "Friendly Town project" sponsored by the Dutch Reformed Churches in Walden and Wallkill.

Patricia Pagentine is convalescing from an appendectomy at a Kingston hospital.

Mr. and Mrs. Earl B. DeWitt Jr., of Poughkeepsie visited relatives in town last weekend. Mr. DeWitt is on vacation.

Additional information has been received from the committee in charge of the sixth annual Stone House Day in New Paltz Saturday, Aug. 4.

On this date, the old street will appear as it did over a period of two hundred years ago. Over 60 people will be costumed in styles of the 1700's. The street will be open to guests from 10 a. m. to 5 p. m.

Included in the three large homes outside the village of New Paltz will be the Col. Josiah Hasbrouck mansion, north of Modena on Route 32. It is now undergoing complete restoration to its original furnishings and decorations on the second floor.

The pageant this year will deal with the French schoolmaster Jean Gottin. During the late 1600's and 1700's, the children of the French village were taught by French schoolmasters. Very little has been written about this phase of village life. Games will be played by children. Religious education in the community, and many other interesting aspects dealing with the relationship of schoolmaster may be observed. An ox-cart, or old two-wheel cart is needed. The loan of such a cart would be appreciated by the committee consisting of Mrs. Faire Hart and Kenneth Hasbrouck, both of New Paltz.

Folk dances will be held under the direction of Mrs. Harrison Woodin.

Two Stabbed to Death

New York, July 19 (AP)—The owner and the woman superintendent of a lower east side apartment building were stabbed to death today in the six-story, 33-family building in Rivington street. A woman who entered the building was stabbed in the chest and left arm, but she managed to take a butcher knife away from her assailant. The dead were identified as Mrs. Vera Birmingham, 39, the superintendent, and Joseph Merendino, 60, the owner. Wounded was Mrs. Louise Lane, 46. Police said her condition was not considered serious.

Beacon Flier Hurt

Albany, Ga., July 19 (AP)—Two New Yorkers were injured yesterday when their T33 jet trainer crashed while approaching a runway at Turner Air Force Base. Turner AFB listed the injured fliers at 1st Lt. Marving W. Jenkins of Amenia, N. Y., and 1st Lt. Richard Giordano of Beacon, N. Y., they being treated at the base hospital for severe burns. The plane was on an instrument check-out flight when the engine failed, the PIO reported.

Mechanic Booked For Manslaughter After Gas Blast

New York, July 19 (AP)—A powerful gas explosion, touched off by what authorities described as a suicide attempt, yesterday took the life of a 6-week-old girl and injured five persons in Queens.

One of those injured, William Kulka, 40, a mechanic, was booked on a manslaughter charge.

Authorities said investigation of his apartment on the ground flour of the house showed that four gas jets on the kitchen range had been opened.

Kulka was described by neighbors as being distraught as a result of his wife's death of cancer last April. He was reported in critical condition at a hospital.

The infant, Margaret May De Gregorio, died about three hours after the explosion. Her mother, Florence, 29, was in poor condition at a hospital after being buried beneath the debris at the basement level of the building. The De Gregorios lived on the second floor of the two-family home.

Ironically, police said, Mrs. De Gregorio was telephoning her policeman-brother to tell him that Kulka was "acting up" when the blast shattered her home.

400-Year-Old Walls Fall

New Delhi (AP)—India's biggest tourist attraction, the 400-year-old Taj Mahl at Agra, is showing signs of age. A portion of an outer courtyard wall collapsed recently. The wall, while a part of the general scheme of buildings at the Taj, is 300 yards from the main building, the mausoleum. In this building, some plaster walls have small cracks and a few pieces of marble inlay are loose. However, Indian archaeological officials at the Taj said the mausoleum is in no danger and that it is being kept under constant repair.

PIG WHO CAME TO DINNER—A 100-pound pig has no qualms about showing up for chow when a cow feeds her calf in Bassett, Va. Somewhere along the line, the little runt got confused and every time the cow comes on the scene, the free-loading pig is right on hand. The farmer has tried to discourage the little thief, but both cow and calf have resigned themselves to his presence.

Jones Gets Suspended Sentence for Larceny

Edward Jones, 53, of 89 Cedar street, arrested on a warrant charging petit larceny Tuesday, was given a suspended sentence of 30 days in jail by Special City Judge Harry Gold.

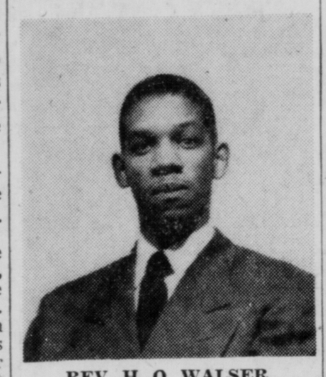
Police said Jones was charged by the Quality Maple Block Co., Deyo street, with taking a two-burner electric heater valued at $34.95.

The arrest was by detectives Clarence Brophy and Frank Sammons at police headquarters. The suspended sentence, Judge Gold said, was on recommendation of the complainant, who was the defendant's employer.

Everett Grant, 30, of RD 4, box 234, Kingston, who appeared before Judge Gold yesterday for the second time this week, was fined $25 on a charge of driving without a license, and not disorderly conduct, as was first reported.

Monday Grant appeared in court on charge of disorderly conduct and driving without a license. He was given a suspended sentence on the disorderly conduct charge, which, police said, arose from domestic trouble, and was fined $10 on the charge of driving without a license.

AME Conference Names New Pastor Of Zion Church



REV. H. O. WALSER

The new pastor of Franklin Street AME Zion Church, the Rev. Horace O. Walser, was assigned at the 135th annual conference of the African Methodist Episcopal Zion Church held recently at First AME Zion Church, Brooklyn.

The Rev. Mr. Walser replaces the Rev. Sampson M. Greene who was transferred to the pastorate of Ansonia, Conn.

THE NEWLY assigned pastor was born in 1929 the son of Irwin F. and Evelyn Owens Walser in Lexington, N. C. He graduated from high school in Lexington and attended Livingstone College, Salisbury, N. C. from Sept. 1948 until graduation in 1952 when he received his BA Degree. Following that he attended Hook Theological Seminary and majored in history and sociology and minored in psychology. He also spent a year at the graduate School of Arts and Sciences at New York University.

He is married to the former Martha Young of Lexington, N. C. and they have a son, Horace Jr.

The Rev. Mr. Walser preached his trial sermon at the AME Zion Church of Albermarle, N. C. and served as assistant pastor under the Rev. William M. Poe at AME Zion Church on the Hill, 158th street and St. Nicholas avenue, New York city for two years.

He comes to the Kingston pastorate from St. Fransis' AME Zion Church, Mount Kisco.

Lost Pocket Book

Philadelphia (AP)—Mrs. John B. Kelly, mother of Princess Grace of Monaco, recently lost her pocketbook. It was found by Harry Trayner, 32-year-old gasoline tank truck driver from Bellmawr, N. J. Trayner, on his day off, returned the black leather bag to the Kelly brick work offices. A receptionist, taking the pocketbook, handed Trayner as reward $10 and three white T-shirts bearing on the back in blue lettering the legend: "Kelly for Brickwork." Trayner said he was disappointed, would have liked to have met at least one of the Kellys in person.
